An employee or owner of less than ten percent (10%) of the business shall not be released from liability pursuant to this section if he or she engaged in an intentional act that was the proximate cause of the injury or death. The issue of whether an act is an intentional tort shall be a question of law.

C. The immunity from civil liability described in subsection A of this section shall apply regardless of whether the injured employee is denied compensation or deemed ineligible to receive compensation under this act the Administrative Workers’ Compensation Act.

D. If an employer has failed to secure the payment of compensation for his or her injured employee as provided for in this act the Administrative Workers’ Compensation Act, an injured
employee, or his or her legal representative if death results from
the injury, may maintain an action in the district court for damages
on account of such injury.

E. The immunity created by the provisions of this section shall
not extend to action against another employer, or its employees, on
the same job as the injured or deceased worker where such other
employer does not stand in the position of an intermediate or
principal employer to the immediate employer of the injured or
deceased worker.

F. The immunity created by the provisions of this section shall
not extend to action against another employer, or its employees, on
the same job as the injured or deceased worker even though such
other employer may be considered as standing in the position of a
special master of a loaned servant where such special master neither
is the immediate employer of the injured or deceased worker nor
stands in the position of an intermediate or principal employer to
the immediate employer of the injured or deceased worker.

G. This section shall not be construed to abrogate the loaned
servant doctrine in any respect other than that described in
subsection F of this section. Nothing in this act the
Administrative Workers’ Compensation Act shall be construed to
relieve the employer from any other penalty provided for in this act
the Administrative Workers’ Compensation Act for failure to secure
the payment of compensation under the Administrative Workers’ Compensation Act.

I. If the employer has failed to secure the payment of compensation as provided in the Administrative Workers’ Compensation Act or in the case of an intentional tort act, the injured employee or his or her legal representative may maintain an action either before the Commission or in the district court, but not both.

2. No mental injury or illness under this section shall be compensable unless it is also diagnosed by a licensed psychiatrist or psychologist and unless the diagnosis of the condition meets the criteria established in the most current issue of the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5).

B. 1. Notwithstanding any other provision of this act the Administrative Workers’ Compensation Act, where a claim is for mental injury or illness, the employee shall be limited to twenty-six (26) weeks of disability benefits unless it is shown by clear and convincing evidence that benefits should continue for a set period of time, not to exceed a total of fifty-two (52) weeks.

who, as a result of accident, disease, birth, military action, or any other cause, has suffered:

1. The loss of the sight of one eye;

2. The loss by amputation of the whole or a part of a member of the body, or loss of use of more than thirty-five percent (35%) of a member of the body proven by objective medical evidence; or

3. Any previous adjudications of compensable permanent partial disability adjudged and determined by the Workers’ Compensation Court, the Workers’ Compensation Court of Existing Claims or the Oklahoma Workers’ Compensation Commission.

B. This section shall apply to all adjudications of Multiple Injury Trust Fund claims in which the last injury occurred on or after July 1, 2019.

SECTION 6. AMENDATORY 85A O.S. 2021, Section 32, is amended to read as follows:

Section 32. A. If an employee who is a “physically impaired person” receives an accidental personal injury compensable under the Administrative Workers’ Compensation Act which results in additional permanent disability so that the degree of disability caused by the combination of both disabilities results in disability materially greater than that which would have resulted from the subsequent injury alone, the employee may proceed against the Multiple Injury Trust Fund for permanent total disability. Only disability due to an injury to the body as a whole at a subsequent employer shall be
combinable with a prior body disability, except that disability to a member may be combined with disability to the body as a whole. If such combined disabilities constitute permanent total disability, as defined in Section 2 of this title, the employee shall receive full compensation as provided by law for the disability resulting directly and specifically from the subsequent injury. In addition, the employee shall receive compensation for permanent total disability if the combination of injuries renders the employee permanently and totally disabled. The employer shall be liable only for the degree of percent of disability which would have resulted from the subsequent injury if there had been no preexisting impairment. The compensation rate for permanent total disability awards from the Multiple Injury Trust Fund shall be the compensation rate for permanent partial disability paid by the employer in the last combinable compensable injury.

B. Permanent total disability awards from the Multiple Injury Trust Fund shall be payable in periodic installments for a period of eight (8) years or until the employee reaches sixty-five (65) years of age, whichever period is longer.

C. Permanent total disability awards from the Multiple Injury Trust Fund shall accrue from the file date of the order of the Oklahoma Workers’ Compensation Commission finding the claimant to be permanently and totally disabled.
D. Before a physically impaired person can proceed against the Multiple Injury Trust Fund, the previously adjudicated compensable permanent partial disability adjudged and determined by the Workers’ Compensation Court, the Workers’ Compensation Court of Existing Claims or the Oklahoma Workers’ Compensation Commission and the permanent partial disability from the last injury must exceed fifty percent (50%) to the body as a whole. However, amputations and loss of use of a scheduled member qualifying as previous impairment under paragraph 2 of subsection A of Section 30 of this title shall be considered in lieu of previously adjudicated compensable permanent partial disability.

E. Awards under this section shall abate upon the death, from any cause, of the employee.

F. Reopening any prior claim other than the last injury claim against the employer shall not give a claimant the right to additional Multiple Injury Trust Fund benefits.

G. The Multiple Injury Trust Fund shall have authority to compromise a claim for less than the indicated amount of permanent total disability. Orders shall be paid in periodic installments beginning on the date of the award, unless commuted to a lump-sum payment or payments, by agreement of the claimant and the Multiple Injury Trust Fund. All offers made by the Multiple Injury Trust Fund pursuant to this section shall be conveyed by the claimant’s
attorney to the claimant within five (5) days of receipt of the offer.

H. If an order is entered finding an employee to be permanently totally disabled as a result of combined disability, and such order is the result of a compromised settlement, the employee is thereafter prohibited from making an additional claim against the Multiple Injury Trust Fund. An attorney for a claimant against the Multiple Injury Trust Fund shall be entitled to a fee equal to twenty percent (20%) of permanent disability benefits awarded. The attorney fee shall be paid in periodic installments by the attorney receiving every fifth check. All benefits awarded to the attorney shall be vested at the time the award becomes final.

I. In the event a claimant receiving benefits for permanent and total disability from the Multiple Injury Trust Fund dies as a result of his or her injury before the award has been fully paid, payments shall continue to the surviving spouse for five (5) years or upon remarriage, whichever occurs first. In no event shall payments to the surviving spouse extend beyond the period of benefits awarded to the claimant.

SECTION 7. AMENDATORY 85A O.S. 2021, Section 35, is amended to read as follows:

Section 35. A. 1. Every employer shall secure compensation as provided under this act the Administrative Workers’ Compensation Act to its employees for compensable injuries without regard to fault.
2. There shall be no liability for compensation under this act the Administrative Workers’ Compensation Act where the injury or death was substantially occasioned by the willful intention as a result of an intentional act of the injured employee to bring about such compensable injury or death.

B. The primary obligation to pay compensation is on the employer, and the procurement of a policy of insurance by an employer to cover the obligation in respect to this act the Administrative Workers’ Compensation Act shall not relieve the employer of the obligation.

SECTION 8. AMENDATORY 85A O.S. 2021, Section 40, is amended to read as follows:

Section 40. A. 1. Any employer who fails to secure compensation required under the Administrative Workers’ Compensation Act, upon conviction, shall be guilty of a misdemeanor and subject to a fine of up to Ten Thousand Dollars ($10,000.00) to be deposited in the Workers’ Compensation Commission Revolving Fund.

2. This subsection shall not affect any other liability of the employer under the Administrative Workers’ Compensation Act.

B. 1. Whenever the Oklahoma Workers’ Compensation Commission has reason to believe that any employer required to secure the payment of compensation under the Administrative Workers’ Compensation Act has failed to do so, the Commission shall serve on the employer a proposed judgment declaring the employer to be in
violation of the Administrative Workers’ Compensation Act and
containing the amount, if any, of the civil penalty to be assessed
against the employer under paragraph 5 of this subsection.

2. a. An employer may contest a proposed judgment of the
Commission issued under paragraph 1 of this subsection
by filing with the Commission, within twenty (20) days
of receipt of the proposed judgment, a written request
for a hearing.

b. The request for a hearing does not need to be in any
particular form but shall specify the grounds on which
the person contests the proposed judgment, the
proposed assessment, or both.

c. If a written request for hearing is not filed with the
Commission within the time specified in subparagraph a
of this paragraph, the proposed judgment, the proposed
penalty or both, shall be a final judgment of the
Commission and shall not be subject to further review
by any court, except if the employer shows good cause
why it did not timely contest the judgment or penalty
and terms of the proposed judgment shall be reflected
in an order signed by an administrative law judge of
the Commission.

d. A proposed judgment by the Commission under this
section shall be prima facie correct, and the burden
is on the employer to prove that the proposed judgment is incorrect. If the employer objects to the proposed judgment and requests a hearing, the Commission shall prove by a preponderance of evidence each and every allegation of law and fact contained in the proposed judgment. The administrative law judge shall make specific findings of fact and law.

3. a. If the employer alleges that a carrier has contracted to provide it workers’ compensation insurance coverage for the period in question, the employer shall include the allegation in its request for hearing and shall name the carrier.

b. The Commission shall promptly notify the carrier of the employer’s allegation and of the date of hearing.

c. The carrier shall promptly, and no later than five (5) days before the hearing, respond in writing to the employer’s allegation by providing evidence of coverage for the period in question or by affirmatively denying the employer’s allegation.

4. Hearings under this section shall be procedurally conducted as provided in Sections 69 through 78 of this title.

5. The Commission may assess a fine against an employer who fails to secure the payment of compensation in an amount up to One Thousand Dollars ($1,000.00) per day of violation payable to the
Workers’ Compensation Commission Revolving Fund, not to exceed a total of Fifty Thousand Dollars ($50,000.00) for the first violation.

6. If an employer fails to secure the payment of compensation or pay any civil penalty assessed against the employer after a judgment issued under this section has become final by operation of law or on appeal, the Commission may petition the Oklahoma County District Court or the district court of the county where the employer’s principal place of business is located for an order enjoining the employer from engaging in further employment until such time as the employer secures the payment of compensation or makes full payment of all civil penalties.

7. Upon any penalty becoming final under this section, the Commission may institute collection proceedings against any assets of the employer independently or in district court including, but not limited to, an asset hearing, garnishment of income and wages, judgment lien or an intercept of an income tax refund consistent with Section 205.2 of Title 68 of the Oklahoma Statutes. The collection proceedings shall be filed in the county in which the principal office of the employer is located. The clerk of the Commission shall have the authority to certify a final order in which a penalty has been assessed. Such certification shall be necessary to invoke the jurisdiction of the district court.
8. Information subject to subsection A or B of Section 4-508 of Title 40 of the Oklahoma Statutes may be disclosed to the employees of the Commission for purposes of investigation and enforcement of workers’ compensation coverage requirements pursuant to this title, and such information shall be admissible in any hearing before an administrative law judge of the Commission.

9. Litigation files and investigatory reports of the Commission arising from enforcement of the provisions of this section shall be confidential pursuant to Section 24A.12 of Title 51 of the Oklahoma Statutes.

SECTION 9. AMENDATORY 85A O.S. 2021, Section 45, is amended to read as follows:

Section 45. A. Temporary Total Disability.

1. If the injured employee is temporarily unable to perform his or her job or any alternative work offered by the employer, he or she shall be entitled to receive compensation equal to seventy percent (70%) of the injured employee’s average weekly wage, but not to exceed the state average weekly wage, for one hundred fifty-six (156) weeks. Provided, there shall be no payment for the first three (3) days of the initial period of temporary total disability. If an administrative law judge finds that a consequential injury has occurred and that additional time is needed to reach maximum medical improvement, temporary total disability may continue for a period of not more than an additional fifty-two (52) weeks. Such finding
shall be based upon a showing of medical necessity by clear and convincing evidence. An employer shall have the right to recover any overpayment of temporary total disability payments from a subsequent permanent partial disability award if the offset is deemed justified by the Oklahoma Workers’ Compensation Commission.

2. When the injured employee is released from active medical treatment by the treating physician for all body parts found by the Commission to be injured, or in the event that the employee, without a valid excuse, misses three consecutive medical treatment appointments, fails to comply with medical orders of the treating physician, or otherwise abandons medical care, the employer shall be entitled to terminate temporary total disability by notifying the employee, or if represented, his or her counsel. If, however, an objection to the termination is filed by the employee within ten (10) days of termination, the Commission shall set the matter within twenty (20) days for a determination if temporary total disability compensation shall be reinstated. The temporary total disability shall remain terminated until such time as the employee complies with medical orders of the treating physician. Notwithstanding the provisions of this paragraph, benefits under this subsection shall be permanently terminated by order of the Commission if the employee is noncompliant or abandons treatment for sixty (60) days, or if benefits under this subsection have been suspended under this paragraph at least two times. The administrative law judge may
appoint an independent medical examiner to determine if further medical treatment is reasonable and necessary. The independent medical examiner shall not provide treatment to the injured worker, unless agreed upon by the parties.

B. Temporary Partial Disability.

1. If the injured employee is temporarily unable to perform his or her job, but may perform alternative work offered by the employer, he or she shall be entitled to receive compensation equal to seventy percent (70%) of the difference between the injured employee’s average weekly wage before the injury and his or her weekly wage for performing alternative work after the injury, but only if his or her weekly wage for performing the alternative work is less than the temporary total disability rate. The injured employee’s actual earnings plus temporary partial disability compensation shall not exceed the temporary total disability rate.

2. Compensation under this subsection may not exceed fifty-two (52) weeks.

3. If the employee refuses to perform the alternative work offered by the employee, he or she shall not be entitled to benefits under subsection A of this section or under this section.

C. Permanent Partial Disability.

1. A permanent partial disability award or combination of awards granted an injured worker may not exceed a permanent partial disability rating of one hundred percent (100%) to any body part or
to the body as a whole. The determination of permanent partial
disability shall be the responsibility of the Commission through its
administrative law judges. Any claim by an employee for
compensation for permanent partial disability must be supported by
competent medical testimony of a medical doctor, osteopathic
physician, or chiropractor, and shall be supported by objective
medical findings, as defined in the Administrative Workers’
Compensation Act. The opinion of the physician shall include
employee’s percentage of permanent partial disability and whether or
not the disability is job-related and caused by the accidental
injury or occupational disease. A physician’s opinion of the nature
and extent of permanent partial disability to parts of the body
other than scheduled members must be based solely on criteria
established by the Sixth Edition of the American Medical
Association’s “Guides to the Evaluation of Permanent Impairment”. A
copy of any written evaluation shall be sent to both parties within
seven (7) days of issuance. Medical opinions addressing
compensability and permanent disability must be stated within a
reasonable degree of medical certainty. Any party may submit the
report of an evaluating physician.

2. Permanent partial disability shall not be allowed to a part
of the body for which no medical treatment has been received. A
determination of permanent partial disability made by the Commission
or administrative law judge which is not supported by objective
medical findings provided by a treating physician who is a medical
doctor, doctor of osteopathy, chiropractor or a qualified
independent medical examiner shall be considered an abuse of
discretion.

3. The examining physician shall not deviate from the Guides except as may be specifically provided for in the Guides.

4. In cases of permanent partial disability, the compensation shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed Three Hundred Fifty Dollars ($350.00) per week which shall increase to Three Hundred Sixty Dollars ($360.00) per week on July 1, 2021. Beginning on or after January 1, 2024, compensation for permanent partial disability shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed an amount equal to forty percent (40%) of the state’s average weekly wage, rounded to the nearest dollar. Rates are to be subsequently adjusted January 1, annually for injuries occurring on or after the date of the adjustment. Rates shall be established for each claim based upon the date of injury for a term not to exceed a total of three hundred sixty (360) weeks for the body as a whole.

5. Assessments pursuant to Sections 31, 98 and 122 of this title shall be calculated based upon the amount of the permanent partial disability award.

6. Previous Disability: The fact that an employee has suffered previous disability or received compensation therefor shall not
preclude the employee from compensation for a later accidental personal injury or occupational disease. In the event there exists a previous permanent partial disability, including a previous non-work-related injury or condition which produced permanent partial disability and the same is aggravated or accelerated by an accidental personal injury or occupational disease, compensation for permanent partial disability shall be only for such amount as was caused by such accidental personal injury or occupational disease and no additional compensation shall be allowed for the preexisting disability or impairment. Any such reduction shall not apply to temporary total disability, nor shall it apply to compensation for medical treatment. If workers’ compensation benefits have previously been awarded through settlement or judicial or administrative determination in Oklahoma, the percentage basis of the prior settlement or award shall conclusively establish the amount of permanent partial disability determined to be preexisting. If workers’ compensation benefits have not previously been awarded through settlement or judicial or administrative determination in Oklahoma, the amount of preexisting permanent partial disability shall be established by competent evidence and determined by the Commission.

7. No payments on any permanent partial disability order shall begin until payments on any preexisting permanent partial disability orders have been completed.
8. The whole body shall represent a maximum of three hundred sixty (360) weeks.

9. The permanent partial disability rate of compensation for amputation or permanent total loss of use of a scheduled member specified in Section 46 of this title shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed Three Hundred Fifty Dollars ($350.00), with an increase to Three Hundred Sixty Dollars ($360.00) on July 1, 2021. Beginning on or after January 1, 2024, compensation for permanent partial disability shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed an amount equal to forty percent (40%) of the state’s average weekly wage, rounded to the nearest dollar. Rates are to be subsequently adjusted January 1, annually for injuries occurring on or after the date of the adjustment. Rates shall be established for each claim based upon the date of injury and multiplied by the number of weeks set forth for the member in Section 46 of this title, regardless of whether the injured employee is able to return to his or her pre-injury or equivalent job.

10. An injured employee who is eligible for permanent partial disability under this subsection shall be entitled to receive vocational rehabilitation services provided by a technology center or public secondary school offering vocational-technical education courses, or a member institution of The Oklahoma State System of Higher Education, which shall include retraining and job placement
to restore the employee to gainful employment. Vocational rehabilitation services or training shall not extend for a period of more than fifty-two (52) weeks.

D. Permanent Total Disability.

1. In case of total disability adjudged to be permanent, seventy percent (70%) of the employee’s average weekly wages, but not in excess of the state’s average weekly wage, shall be paid to the employee during the continuance of the disability until such time as the employee reaches the age of maximum Social Security retirement benefits or for a period of fifteen (15) years, whichever is longer. In the event the claimant dies of causes unrelated to the injury or illness, benefits shall cease on the date of death. Provided, however, any person entitled to revive the action shall receive a one-time lump-sum payment equal to twenty-six (26) weeks of weekly benefits for permanent total disability awarded the claimant. If more than one person is entitled to revive the claim, the lump-sum payment shall be evenly divided between or among such persons. In the event the Commission awards both permanent partial disability and permanent total disability benefits, the permanent total disability award shall not be due until the permanent partial disability award is paid in full. If otherwise qualified according to the provisions of the Administrative Workers’ Compensation Act, permanent total disability benefits may be awarded to an employee who has exhausted the maximum period of temporary
total disability even though the employee has not reached maximum medical improvement.

2. The Oklahoma Workers’ Compensation Commission shall annually review the status of any employee receiving benefits for permanent total disability against the last employer. The Commission shall require the employee to annually file an affidavit under penalty of perjury stating that he or she is not and has not been gainfully employed and is not capable of gainful employment. Failure to file such affidavit shall result in suspension of benefits; provided, however, reinstatement of benefits may occur after proper hearing before the Commission.

E. 1. The Oklahoma Workers’ Compensation Commission may hire or contract for a Vocational Rehabilitation Director to oversee the vocational rehabilitation program of the Commission.

2. Upon the request of either party, an administrative law judge shall determine if it is appropriate for a claimant to receive vocational rehabilitation training or services. If appropriate, the administrative law judge shall refer the employee to a qualified expert for evaluation of the practicability of, need for and kind of rehabilitation services or training necessary and appropriate in order to restore the employee to gainful employment. The cost of the evaluation shall be paid by the employer.

3. Upon receipt of such report, and after affording all parties an opportunity to be heard, the administrative law judge shall order
that any rehabilitation services or training, recommended in the report, or such other rehabilitation services or training as the administrative law judge may deem necessary, provided the employee elects to receive such services, shall be provided at the expense of the employer. Except as otherwise provided in this subsection, refusal to accept rehabilitation services by the employee shall in no way diminish any benefits allowable to an employee.

4. The administrative law judge may order vocational rehabilitation before the injured employee reaches maximum medical improvement, if the treating physician believes that it is likely that the employee’s injury will prevent the employee from returning to his or her former employment. In granting early benefits for vocational rehabilitation, the Commission shall consider temporary restrictions and the likelihood that such rehabilitation will return the employee to gainful employment earlier than if such benefits are granted after the permanent partial disability hearing in the claim.

5. Vocational rehabilitation services or training shall not extend for a period of more than fifty-two (52) weeks. A request for vocational rehabilitation services or training shall be filed with the Commission by an interested party not later than sixty (60) days from the date of receiving permanent disability that prevents the injured employee from returning to his or her pre-injury or equivalent position.
6. If rehabilitation requires residence at or near the facility or institution which is away from the employee’s customary residence, reasonable cost of the employee’s board, lodging, travel, tuition, books and necessary equipment in training shall be paid for by the insurer in addition to weekly compensation benefits to which the employee is otherwise entitled under the Administrative Workers’ Compensation Act.

7. During the period when an employee is actively and in good faith being evaluated or participating in a retraining or job placement program for purposes of evaluating permanent total disability status, the employee shall be entitled to receive benefits at the same rate as the employee’s temporary total disability benefits for an additional fifty-two (52) weeks. All tuition related to vocational rehabilitation services shall be paid by the employer or the employer’s insurer on a periodic basis directly to the facility providing the vocational rehabilitation services or training to the employee.

F. Disfigurement.

1. If an injured employee incurs serious and permanent disfigurement to any part of the body, the Commission may award compensation to the injured employee in an amount not to exceed Fifty Thousand Dollars ($50,000.00).
2. No award for disfigurement shall be entered until twelve (12) months after the injury unless the treating physician deems the wound or incision to be fully healed.

3. An injured employee shall not be entitled to compensation under this subsection if he or she receives an award for permanent partial disability to the same part of the body.

G. Benefits for a single-event injury shall be determined by the law in effect at the time of injury. Benefits for a cumulative trauma injury or occupational disease or illness shall be determined by the law in effect at the time the employee knew or reasonably should have known that the injury, occupational disease or illness was related to work activity. Benefits for death shall be determined by the law in effect at the time of death.

SECTION 10. AMENDATORY 85A O.S. 2021, Section 46, is amended to read as follows:

B. The permanent partial disability rate of compensation for amputation or permanent total loss of use of a scheduled member specified in this section shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed Three Hundred Fifty
Dollars ($350.00) with an increase to Three Hundred Sixty Dollars ($360.00) on July 1, 2021. Beginning on or after January 1, 2024, compensation for permanent partial disability shall be seventy percent (70%) of the employee’s average weekly wage, not to exceed an amount equal to forty percent (40%) of the state’s average weekly wage, rounded to the nearest dollar. C. Other cases: In cases in which the Oklahoma Workers’ Compensation Commission finds an injury to a part of the body not specifically covered by the foregoing provisions of this section, the employee may be entitled to compensation for permanent partial disability. Beginning January 1, 2024, an amount equal to forty percent (40%) of the state’s average weekly wage, rounded to the nearest whole dollar. Rates are to be subsequently adjusted January 1, annually, for injuries occurring on or after the date of the adjustment for the number of weeks which
the partial disability of the employee bears to three hundred fifty
three hundred sixty (360) weeks.

D. 1. Compensation for amputation of the first phalange of a
digit shall be one-half (1/2) of the compensation for the amputation
of the entire digit.

2. Compensation for amputation of more than one phalange of a
digit shall be the same as for amputation of the entire digit.

E. 1. Compensation for the permanent loss of eighty percent
(80%) or more of the vision of an eye shall be the same as for the

2. In all cases of permanent loss of vision, the use of
corrective lenses may be taken into consideration in evaluating the
extent of loss of vision.

F. Compensation for amputation or loss of use of two or more
digits or one or more phalanges of two or more digits of a hand or a
foot may be proportioned to the total loss of use of the hand or the
foot occasioned thereby but shall not exceed the compensation for
total loss of a hand or a foot.

G. Compensation for permanent total loss of use of a member
shall be the same as for amputation of the member.

H. The sum of all permanent partial disability awards,
excluding awards against the Multiple Injury Trust Fund, shall not
exceed three hundred fifty (350) three hundred sixty (360) weeks.
SECTION 11. AMENDATORY 85A O.S. 2021, Section 47, is amended to read as follows:

Section 47. A. Time of death. If death does not result within one (1) year from the date of the accident or within the first three (3) years of the period for compensation payments fixed by the compensation judgment, a rebuttable presumption shall arise that the death did not result from the injury.

B. Common law spouse. A common law spouse shall not be entitled to benefits under this section unless he or she obtains an order from the Oklahoma Workers’ Compensation Commission ruling that a common law marriage existed between the decedent and the surviving spouse. The ruling by the Commission shall be exclusive in regard to benefits under this section regardless of any district court decision regarding the probate of the decedent’s estate.

C. Beneficiaries - Amounts. If an injury or occupational illness causes death, weekly income benefits shall be payable as follows:

1. If there is a surviving spouse, a lump-sum payment of One Hundred Thousand Dollars ($100,000.00) and seventy percent (70%) of the lesser of the deceased employee’s average weekly wage and the state average weekly wage. In addition to the benefits theretofore paid or due, two (2) years’ indemnity benefit in one lump sum shall be payable to a surviving spouse upon remarriage;
2. If there is a surviving spouse and a child or children, a
lump-sum payment of Twenty-five Thousand Dollars ($25,000.00) and
fifteen percent (15%) of the lesser of the deceased employee’s
average weekly wage and the state average weekly wage to each child.
If there are more than two children, each child shall receive a pro
rata share of Fifty Thousand Dollars ($50,000.00) and thirty percent
(30%) of the deceased employee’s average weekly wage;

3. If there is a child or children and no surviving spouse, a
lump-sum payment of Twenty-five Thousand Dollars ($25,000.00) and

there are more than two children, each child shall receive a pro
rata share of one hundred percent (100%) of the lesser of the
deceased employee’s average weekly wage and the state average weekly
wage. With respect to the lump-sum payment, if there are more than
six children, each child shall receive a pro rata share of One
Hundred Fifty Thousand Dollars ($150,000.00);

4. If there is no surviving spouse or children, each legal
guardian, if financially dependent on the employee at the time of
death, shall receive twenty-five percent (25%) of the lesser of the
deceased employee’s average weekly wage and the state average weekly
wage until the earlier of death, becoming eligible for Social
Security, obtaining full-time employment, or five (5) years from the
date benefits under this section begin. If there is no surviving
spouse or children, Five Thousand Dollars ($5,000.00) shall be paid
to the parents and shall be divided to share and share alike;

5. If there is no surviving spouse, children, or parents, to
the brothers, sisters, grandparents, and grandchildren shall be paid
Five Thousand Dollars ($5,000.00). If there should be more than one
of such dependents, the total benefits payable for the benefit of
such dependents shall be divided to share and share alike;

6. If there is no surviving spouse, children, parents,
brothers, sisters, grandparents, or grandchildren, to each legal
guardian, if financially dependent on the employee at the time of
death and upon proof of pecuniary loss shall receive an amount not
to exceed Five Thousand Dollars ($5,000.00); and

7. The employer shall pay the actual funeral expenses, not
exceeding the sum of Ten Thousand Dollars ($10,000.00).

D. The weekly income benefits payable to the surviving spouse
under this section shall continue while the surviving spouse remains
unmarried. In no event shall this spousal weekly income benefit be
diminished by the award to other beneficiaries. The weekly income
benefits payable to any child under this section shall terminate on
the earlier of death, marriage, or reaching the age of eighteen
(18). However, if the child turns eighteen (18) and is:

1. Enrolled as a full-time student in high school or is being
   schooled by other means pursuant to the Oklahoma Constitution;
2. Enrolled as a full-time student in any accredited institution of higher education or vocational or technology education; or

3. Physically or mentally incapable of self-support, then he or she may continue to receive weekly income benefits under this section until the earlier of reaching the age of twenty-three (23) or, with respect to paragraphs 1 and 2 of this subsection, no longer being enrolled as a student, and with respect to paragraph 3 of this subsection, becoming capable of self-support.

E. If any member of the class of beneficiaries who receive a pro rata share of weekly income benefits becomes ineligible to continue to receive benefits, the remaining members of the class shall receive adjusted weekly income benefits equal to the new class size.

F. To receive benefits under this section, a beneficiary or his or her guardian, if applicable, shall file a proof of loss form with the Commission. All questions of dependency shall be determined as of the time of the injury. The employer shall initiate payment of benefits within fifteen (15) days of the Commission’s determination of the proper beneficiaries. The employer shall have the right to choose the treating physician or chiropractor.

B. If the employer fails or neglects to provide medical treatment within five (5) days after actual knowledge is received of an injury, the injured employee may select a physician or chiropractor to provide medical treatment at the expense of the employer; provided, however, that the injured employee, or another in the employee’s behalf, may obtain emergency treatment at the expense of the employer where such emergency treatment is not provided by the employer.

C. Diagnostic tests shall not be repeated sooner than six (6) months from the date of the test unless agreed to by the parties or ordered by the Commission for good cause shown.

D. Unless recommended by the treating doctor or chiropractor at the time claimant reaches maximum medical improvement or by an independent medical examiner, continuing medical maintenance shall
not be awarded by the Commission. The employer or insurance carrier shall not be responsible for continuing medical maintenance or pain management treatment that is outside the parameters established by the Physician Advisory Committee or ODG. E. An employee claiming or entitled to benefits under the Administrative Workers’ Compensation Act this act, shall, if ordered by the Commission or requested by the employer or insurance carrier, submit himself or herself for medical examination. If an employee refuses to submit himself or herself to examination, his or her right to prosecute any proceeding under the Administrative Workers’ Compensation Act this act shall be suspended, and no compensation shall be payable for the period of such refusal.

F. For compensable injuries resulting in the use of a medical device, ongoing service for the medical device shall be provided in situations including, but not limited to, medical device battery replacement, ongoing medication refills related to the medical device, medical device repair, or medical device replacement.

The rate of reimbursement for such travel expense shall be the official reimbursement rate as established by the State Travel Reimbursement Act. In no event shall the reimbursement of travel for medical treatment or evaluation exceed six hundred (600) miles round trip.

H. Fee Schedule.

1. The Commission shall conduct a review and update of the Current Procedural Terminology (CPT) in the Fee Schedule every two (2) years pursuant to the provisions of paragraph 14 of this subsection. The Fee Schedule shall establish the maximum rates that medical providers shall be reimbursed for medical care provided to injured employees including, but not limited to, charges by physicians, chiropractors, dentists, counselors, hospitals, ambulatory and outpatient facilities, clinical laboratory services, diagnostic testing services, and ambulance services, and charges for durable medical equipment, prosthetics, orthotics, and supplies. The most current Fee Schedule established by the Administrator of the Workers’ Compensation Court prior to February 1, 2014, shall remain in effect, unless or until the Legislature approves the Commission’s proposed Fee Schedule.

2. Reimbursement for medical care shall be prescribed and limited by the Fee Schedule. The director of the Employees Group
Insurance Division of the Office of Management and Enterprise Services shall provide the Commission such information as may be relevant for the development of the Fee Schedule. The Commission shall develop the Fee Schedule in a manner in which quality of medical care is assured and maintained for injured employees. The Commission shall give due consideration to additional requirements for physicians treating an injured worker under the Administrative Workers’ Compensation Act, including, but not limited to, communication with claims representatives, case managers, attorneys, and representatives of employers, and the additional time required to complete forms for the Commission, insurance carriers, and employers.

3. In making adjustments to the Fee Schedule, the Commission shall use, as a benchmark, the reimbursement rate for each Current Procedural Terminology (CPT) code provided for in the fee schedule published by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services for use in Oklahoma (Medicare Fee Schedule) on the effective date of this section, workers’ compensation fee schedules employed by neighboring states, the latest edition of “Relative Values for Physicians” (RVP), usual, customary and reasonable medical payments to workers’ compensation health care providers in the same trade area for comparable treatment of a person with similar injuries, and all other data the Commission deems relevant. For services not valued by CMS, the
Commission shall establish values based on the usual, customary and reasonable medical payments to health care providers in the same trade area for comparable treatment of a person with similar injuries.

a. No reimbursement shall be allowed for any magnetic resonance imaging (MRI) unless the MRI is provided by an entity that meets Medicare requirements for the payment of MRI services or is accredited by the American College of Radiology, the Intersocietal Accreditation Commission or the Joint Commission on Accreditation of Healthcare Organizations. For all other radiology procedures, the reimbursement rate shall be the lesser of the reimbursement rate allowed by the 2010 Oklahoma Fee Schedule and two hundred seven percent (207%) of the Medicare Fee Schedule.

b. For reimbursement of medical services for Evaluation and Management of injured employees as defined in the Fee Schedule adopted by the Commission, the reimbursement rate shall not be less than one hundred fifty percent (150%) of the Medicare Fee Schedule.

c. Any entity providing durable medical equipment, prosthetics, orthotics or supplies shall be accredited by a CMS-approved accreditation organization. If a physician provides durable medical equipment,
prosthetics, orthotics, prescription drugs, or
supplies to a patient ancillary to the patient’s
visit, reimbursement shall be no more than ten percent
(10%) above cost.

d. The Commission shall develop a reasonable stop-loss
provision of the Fee Schedule to provide for adequate
reimbursement for treatment for major burns, severe
head and neurological injuries, multiple system
injuries, and other catastrophic injuries requiring
extended periods of intensive care. An employer or
insurance carrier shall have the right to audit the
charges and question the reasonableness and necessity
of medical treatment contained in a bill for treatment
covered by the stop-loss provision.

4. The right to recover charges for every type of medical care
for injuries arising out of and in the course of covered employment
as defined in the Administrative Workers’ Compensation Act shall lie
solely with the Commission. When a medical care provider has
brought a claim to the Commission to obtain payment for services, a
party who prevails in full on the claim shall be entitled to
reasonable attorney fees.

5. Nothing in this section shall prevent an employer, insurance
carrier, group self-insurance association, or certified workplace
medical plan from contracting with a provider of medical care for a
reimbursement rate that is greater than or less than limits
established by the Fee Schedule.

6. A treating physician may not charge more than Four Hundred
Dollars ($400.00) per hour for preparation for or testimony at a
deposition or appearance before the Commission in connection with a
claim covered by the Administrative Workers’ Compensation Act.

7. The Commission’s review of medical and treatment charges
pursuant to this section shall be conducted pursuant to the Fee
Schedule in existence at the time the medical care or treatment was
provided. The judgment approving the medical and treatment charges
pursuant to this section shall be enforceable by the Commission in
the same manner as provided in the Administrative Workers’
Compensation Act for the enforcement of other compensation payments.

8. Charges for prescription drugs dispensed by a pharmacy shall
be limited to ninety percent (90%) of the average wholesale price of
the prescription, plus a dispensing fee of Five Dollars ($5.00) per
prescription. “Average wholesale price” means the amount determined
from the latest publication designated by the Commission.

Physicians shall prescribe and pharmacies shall dispense generic
equivalent drugs when available. If the National Drug Code, or
“NDC”, for the drug product dispensed is for a repackaged drug, then
the maximum reimbursement shall be the lesser of the original
labeler’s NDC and the lowest-cost therapeutic equivalent drug
product. Compounded medications shall be billed by the compounding
pharmacy at the ingredient level, with each ingredient identified using the applicable NDC of the drug product, and the corresponding quantity. Ingredients with no NDC area are not separately reimbursable. Payment shall be based on a sum of the allowable fee for each ingredient plus a dispensing fee of Five Dollars ($5.00) per prescription.

9. When medical care includes prescription drugs dispensed by a physician or other medical care provider and the NDC for the drug product dispensed is for a repackaged drug, then the maximum reimbursement shall be the lesser of the original labeler’s NDC and the lowest-cost therapeutic equivalent drug product. Payment shall be based upon a sum of the allowable fee for each ingredient plus a dispensing fee of Five Dollars ($5.00) per prescription. Compounded medications shall be billed by the compounding pharmacy.

10. Implantables are paid in addition to procedural reimbursement paid for medical or surgical services. A manufacturer’s invoice for the actual cost to a physician, hospital or other entity of an implantable device shall be adjusted by the physician, hospital or other entity to reflect, at the time implanted, all applicable discounts, rebates, considerations and product replacement programs and shall be provided to the payer by the physician or hospital as a condition of payment for the implantable device. If the physician, or an entity in which the physician has a financial interest other than an ownership interest
of less than five percent (5%) in a publicly traded company, provides implantable devices, this relationship shall be disclosed to patient, employer, insurance company, third-party commission, certified workplace medical plan, case managers, and attorneys representing claimant and defendant. If the physician, or an entity in which the physician has a financial interest other than an ownership interest of less than five percent (5%) in a publicly traded company, buys and resells implantable devices to a hospital or another physician, the markup shall be limited to ten percent (10%) above cost.

11. Payment for medical care as required by the Administrative Workers’ Compensation Act shall be due within forty-five (45) days of the receipt by the employer or insurance carrier of a complete and accurate invoice, unless the employer or insurance carrier has a good-faith reason to request additional information about such invoice. Thereafter, the Commission may assess a penalty up to twenty-five percent (25%) for any amount due under the Fee Schedule that remains unpaid on the finding by the Commission that no good-faith reason existed for the delay in payment. If the Commission finds a pattern of an employer or insurance carrier willfully and knowingly delaying payments for medical care, the Commission may assess a civil penalty of not more than Five Thousand Dollars ($5,000.00) per occurrence.
12. If an employee fails to appear for a scheduled appointment with a physician or chiropractor, the employer or insurance company shall pay to the physician or chiropractor a reasonable charge, to be determined by the Commission, for the missed appointment. In the absence of a good-faith reason for missing the appointment, the Commission shall order the employee to reimburse the employer or insurance company for the charge.

13. Physicians or chiropractors providing treatment under the Administrative Workers’ Compensation Act shall disclose under penalty of perjury to the Commission, on a form prescribed by the Commission, any ownership or interest in any health care facility, business, or diagnostic center that is not the physician’s or chiropractor’s primary place of business. The disclosure shall include any employee leasing arrangement between the physician or chiropractor and any health care facility that is not the physician’s or chiropractor’s primary place of business. A physician’s or chiropractor’s failure to disclose as required by this section shall be grounds for the Commission to disqualify the physician or chiropractor from providing treatment under the Administrative Workers’ Compensation Act.

14. a. Beginning on May 28, 2019, the Commission shall conduct an evaluation of the Fee Schedule, which shall include an update of the list of Current Procedural Terminology (CPT) codes, a line item adjustment or
renewal of all rates, and amendment as needed to the rules applicable to the Fee Schedule.

b. The Commission shall contract with an external consultant with knowledge of workers’ compensation fee schedules to review regional and nationwide comparisons of Oklahoma’s Fee Schedule rates and date and market for medical services. The consultant shall receive written and oral comment from employers, workers’ compensation medical service and insurance providers, self-insureds, group self-insurance associations of this state and the public. The consultant shall submit a report of its findings and a proposed amended Fee Schedule to the Commission.

The Commission shall submit a proposed updated and adjusted Fee Schedule to the President Pro Tempore of the Senate, the Speaker of the House of Representatives and the Governor. Thereafter, an external evaluation shall be conducted and a proposed amended Fee Schedule shall be submitted to the Legislature for approval every two (2) years.

I. Formulary. The Commission by rule shall adopt a closed formulary. Rules adopted by the Commission shall allow an appeals process for claims in which a treating doctor determines and documents that a drug not included in the formulary is necessary to treat an injured employee’s compensable injury. The Commission by rule shall require the use of generic pharmaceutical medications and clinically appropriate over-the-counter alternatives to prescription medications unless otherwise specified by the prescribing doctor, in accordance with applicable state law.
