A BILL FOR AN ACT

Concerning an expansion of a physician assistant's ability to practice, and, in connection therewith, changing the relationship between a physician assistant and a physician or podiatrist from supervision to collaboration for physician assistants with less experience or who are working in a new specialty, establishing the collaboration requirements, and requiring physician assistants with more experience to consult with the physician assistant's health-care team.

Bill Summary

(Note: This summary applies to this bill as introduced and does

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.
Capital letters or bold & italic numbers indicate new material to be added to existing statute.
Dashes through the words indicate deletions from existing statute.)
The bill modifies the relationship between a physician assistant and a physician or podiatrist by removing the requirement that a physician assistant be supervised by a physician or podiatrist. Instead:

- A physician assistant who has completed fewer than 3,000 hours of post-graduate clinical practice experience or who is beginning practice in a new specialty must enter into a collaborative plan with a physician; and
- A physician assistant who has completed fewer than 3,000 hours of post-graduate clinical practice must enter into a collaborative plan with a podiatrist before practicing podiatry.

A physician assistant who has completed 3,000 or more practice hours or, for a physician assistant practicing a new specialty, has completed 2,000 practice hours in the new specialty and at least 3,000 total practice hours, is no longer required to maintain a collaborative plan and is instead required to consult with and refer to appropriate members of the physician assistant's health-care team based on a patient's condition; the physician assistant's education, experience, and competencies; and the standard of care. The bill specifies the requirements of the collaborative plan.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. In Colorado Revised Statutes, 12-240-107, amend (6) as follows:

12-240-107. Practice of medicine defined - exemptions from licensing requirements - unauthorized practice by physician assistants and anesthesiologist assistants - penalties - definitions - rules - repeal. (6) (a) A person licensed under the laws of this state to practice medicine may delegate to a physician assistant licensed by the board pursuant to section 12-240-113 the authority to perform acts that constitute the practice of medicine and acts that physicians are authorized by law to perform to the extent and in the manner authorized
by rules promulgated by the board, including the authority to prescribe
PRESCRIBING AND DISPENSING medication, including controlled
substances. and dispense only the drugs designated by the board. The acts
must be consistent with sound medical practice. Each prescription for a
controlled substance, as defined in section 18-18-102 (5), issued by a
physician assistant licensed by the board shall be imprinted with the name
of the physician assistant's supervising physician. For all other ALL
prescriptions issued by a physician assistant MUST INCLUDE THE

(II) A licensed physician may be responsible for the direction and
supervision of up to eight AN EMPLOYER SHALL NOT REQUIRE
a licensed physician shall not be made responsible for the direction and supervision of more than four physician assistants unless the licensed physician agrees to assume the responsibility to enter into a collaborative plan at any time as a condition of the physician's employment. A licensed physician has sole discretion to assume or refuse such responsibility, and an employer shall not require a licensed physician to assume such responsibility as a condition of employment. The board, by rule, may define what constitutes appropriate direction and supervision of a physician assistant; except that the board shall not promulgate a rule that is inconsistent with section 12-240-114.5 determine whether to enter into a collaborative plan with more than four physician assistants.

(II) For purposes of this subsection (6), "personal and responsible direction and supervision" means that the direction and supervision of a physician assistant is personally rendered by a licensed physician practicing in the state of Colorado and is not rendered through intermediaries. The extent of direction and supervision shall be determined by rules promulgated by the board and as otherwise provided in this subsection (6)(b); except that, when a physician assistant is performing a delegated medical function in an acute care hospital, the board shall allow supervision and direction to be performed without the physical presence of the physician during the time the delegated medical functions are being implemented if:

(A) The medical functions are performed where the supervising physician regularly practices or in a designated health manpower shortage area;

(B) The licensed supervising physician reviews the quality of
medical services rendered by the physician assistant by reviewing the
medical records to assure compliance with the physicians' directions; and

(C) The performance of the delegated medical function otherwise
complies with the board's rules and any restrictions and protocols of the
licensed supervising physician and hospital.

(c) Pursuant to section 12-240-135 (7), the board may apply for
an injunction to enjoin any person from performing delegated medical
acts that are in violation of this section or of any rules promulgated by the
board.

(d) This subsection (6) shall DO NOT apply to any person who
performs delegated medical tasks within the scope of the exemption
contained in subsection (3)(l) of this section.
