

Introduced by Senator Cervantes

January 28, 2025

An act to amend Sections 123485 and 131051 of, and to add Section 123486 to, the Health and Safety Code, relating to health care.

LEGISLATIVE COUNSEL'S DIGEST

SB 228, as introduced, Cervantes. Comprehensive Perinatal Services Program.

Existing law establishes the Comprehensive Perinatal Services Program, the goals of which are to decrease and maintain the decreased level of perinatal, maternal, and infant mortality and morbidity in the State of California and to support methods of providing comprehensive prenatal care that prevent prematurity and the incidence of low birth weight infants. Under the program, the State Department of Public Health is required to develop and maintain a statewide comprehensive community-based perinatal services program and enter into contracts, grants, or agreements with health care providers to deliver these services in a coordinated effort. Existing law also requires the department to monitor the delivery of services under those contracts, grants, and agreements through a uniform health data collection system that utilizes epidemiologic methodology.

This bill would transfer administration of the Comprehensive Perinatal Services Program from the State Department of Public Health to the State Department of Health Care Services. The bill would, among other things, authorize the State Department of Health Care Services to enter into memoranda of understanding or interagency agreements or contracts with the State Department of Public Health, as necessary to implement those provisions. The bill would also state the intent of the Legislature to enact additional legislation relating to the program in order to

implement legislative recommendations made in a specified report issued by the California State Auditor's office including by, among other things, requiring the State Department of Health Care Services to create and use a perinatal services data form to engage in additional data collection duties.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. In addition to transferring administration of the
2 Comprehensive Perinatal Services Program from the State
3 Department of Public Health to the State Department of Health
4 Care Services, it is also the intent of the Legislature to enact
5 legislation implementing the remaining recommendations to the
6 Legislature made in California State Auditor Report 2023-103:
7 The Comprehensive Perinatal Services Program by requiring the
8 State Department of Health Care Services to do all of the following:

9 (a) Submit to the Assembly Health Committee and the Senate
10 Health Committee, and to post on its internet website, every three
11 years, a report that identifies the providers that conducted reviews
12 of the Comprehensive Perinatal Services Program.

13 (b) Develop a system of oversight to ensure that providers are
14 aware of and offer Comprehensive Perinatal Services Program
15 services to all pregnant and postpartum Medi-Cal members.

16 (c) Create and use a perinatal services data form to engage in
17 additional data collection duties.

18 SEC. 2. Section 123485 of the Health and Safety Code is
19 amended to read:

20 123485. The following definitions shall govern the construction
21 of this article:

22 (a) "Community-based comprehensive perinatal care" means a
23 range of prenatal, delivery, postpartum, infant, and pediatric care
24 services delivered in an urban community or neighborhood, rural
25 area, city or county clinic, city or county health department,
26 freestanding birth center, or other health care provider facility by
27 health care practitioners trained in methods of preventing
28 complications and problems during and after pregnancy, and in
29 methods of educating pregnant women of these preventive
30 measures, and who provide a continuous range of services. The

1 health care practitioners shall, through a system of established
2 linkages to other levels of care in the community, consult with,
3 and, when appropriate, refer to, specialists.

4 (b) “Low income” means all persons of childbearing age eligible
5 for Medi-Cal benefits under Chapter 7 (commencing with Section
6 14000) and all persons eligible for public social services for which
7 federal reimbursement is available, including potential recipients.
8 “Potential recipients” shall include the pregnant woman and her
9 infant in a family where current social, economic and health
10 conditions of the family indicate that the family would likely
11 become a recipient of financial assistance within the next five
12 years.

13 (c) “Prenatal care” means care received from conception until
14 the completion of labor and delivery.

15 (d) “Perinatal care” means care received from the time of
16 conception through the first year after birth.

17 (e) “Qualified organization” means any nonprofit, not-for-profit,
18 or for-profit corporation with demonstrated expertise in
19 implementing the Nurse-Family Partnership program or similar
20 programs in different local settings.

21 (f) “Qualified trainer” means anyone who has been certified by
22 the Nurse-Family Partnership to provide training.

23 (g) “Department” means the State Department of ~~Public Health,~~
24 *Health Care Services*, unless otherwise designated.

25 SEC. 3. Section 123486 is added to the Health and Safety Code,
26 to read:

27 123486. (a) Commencing January 1, 2026, the department
28 succeeds to, and is vested with, all the powers, functions, duties,
29 responsibilities, obligations, liabilities, and jurisdiction of the
30 program established pursuant to this article.

31 (b) The department may enter into memoranda of understanding
32 or interagency agreements or contracts with the State Department
33 of Public Health, as necessary to implement this section.

34 (c) Without limiting any other powers or duties, the department
35 shall ensure compliance with the terms of any state plans,
36 memoranda of understanding, administrative orders, interagency
37 agreements, contracts, assurances, single state agency obligations,
38 federal statutes and regulations, and any other form of agreement
39 or obligation that vital government activities rely upon or are a

1 condition to the continued receipt by the department of state or
2 federal funds or services.

3 (d) All existing regulations relating to the program that were
4 adopted by the State Department of Public Health on or before
5 January 1, 2026, are expressly continued in force.

6 (e) A contract, lease, license, state or federal grant, memorandum
7 of understanding, or any other agreement relating to the program
8 to which the State Department of Public Health is a party is not
9 void or voidable by reason of the act that added this section, but
10 is continued in full force and effect, with the department assuming
11 all of the rights, obligations, and duties of the State Department
12 of Public Health. The assumption by the department does not in
13 any way affect the rights of the parties to the contract, lease,
14 license, state or federal grant, memorandum of understanding, or
15 agreement.

16 (f) Any legal action concerning the duties, responsibilities,
17 obligations, liabilities, and functions described in this article shall
18 not abate, and shall continue in the name of the department. The
19 substitution of the department for the State Department of Public
20 Health or the State Public Health Officer does not affect the rights
21 of the parties to the action.

22 (g) All financial and accounting records, documents, records,
23 and property relating to the program shall be transferred to the
24 department by the State Department of Public Health. The format
25 and timing of this transfer shall be mutually agreed upon by the
26 department and the State Department of Public Health, and shall
27 not require formal agreement or approval by any other entity.

28 SEC. 4. Section 131051 of the Health and Safety Code is
29 amended to read:

30 131051. The duties, powers, functions, jurisdiction, and
31 responsibilities transferred to the State Department of Public Health
32 shall, pursuant to the act that added this section, include all of the
