(1) Each LEA shall participate in the learning loss remediation and student acceleration program by:

(A) Implementing and conducting after-school learning mini-camps and summer learning camps for students, including students enrolled in a public charter school located within the geographic boundaries of the LEA. LEAs are only required to conduct summer learning camps in the summers immediately following the 2020-2021 and 2021-2022 school years;

(B) Implementing and conducting learning loss bridge camps for students, including students enrolled in a public charter school located within the geographic boundaries of the LEA, annually beginning in the summer of 2021; and

(C) Subject to available funding, providing all priority students, including priority students enrolled in a public charter school located within the geographic boundaries of the LEA, the opportunity to enroll in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp, and, subject to the availability of additional seats after an LEA conducts the initial enrollment period for priority students pursuant to § 49-6-1504(b), providing students, including students enrolled in a public charter school located within the geographic boundaries of the LEA, who are not priority students with the opportunity to enroll in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp.

(2) Notwithstanding subdivisions (b)(1)(A) and (B), two (2) or more LEAs, public charter schools, or a combination of both may jointly establish an after-school learning mini-camp, learning loss bridge camp, or summer learning camp that may be attended by students enrolled in the respective LEA or public charter school, subject to the requirements of subdivision (b)(1)(C).

(3) An LEA or public charter school may send students to an after-school learning mini-camp, learning loss bridge camp, or summer learning camp located in the LEA or conducted by the participating public charter school, or that is located in another LEA or conducted by another participating public charter school, subject to the requirements of subdivision (b)(1)(C).

(4) Public charter schools may conduct after-school learning mini-camps, learning loss bridge camps, and summer learning camps for the public charter school's students, rather than enrolling the public charter school's students in the camps conducted by the LEA within the boundaries of which the public charter school is located. If a public charter school conducts after-school learning mini-camps, learning loss bridge camps, or summer learning camps, then the public charter school must do so in compliance with this part.

(c)

(1) Funding for after-school learning mini-camps, learning loss bridge camps, and summer learning camps may be used to:

(d) Each LEA's local board of education and each governing body of a participating public charter school shall ensure that the after-school learning mini-camps, learning loss bridge camps, and summer learning camps funded pursuant to this part operate in compliance with the same safety policies and procedures required of the

LEA's and public charter school's regular school programs, as applicable, and ensure that each of the after-school learning mini-camps, learning loss bridge camps, and summer learning camps established under this part are subject to, and comply with:

- (1) The criminal history records checks required pursuant to § 49-5-413;
- (2) The maximum class size requirements under § 49-1-104; and

49-6-1504. Eligibility for programs.

(a)

(1) Priority students may participate in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp. Priority students are not required to participate in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp unless the local board of education or the governing body of a participating public charter school adopts a policy requiring priority students to participate.

(2) Each LEA and public charter school shall conduct an initial enrollment period of at least thirty (30) days during which time the parent or guardian of a priority student may enroll the parent's or guardian's student in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp.

(b) If additional seats are available in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp at the end of the LEA's or public charter school's initial enrollment period, then students who are not priority students may enroll in the LEA's or participating public charter school's after-school learning mini-

camp, learning loss bridge camp, or summer learning camp appropriate for that student's grade level, but only if permitted sources of funding are used to fund the enrollment of such students.

49-6-1505. Public or non-profit community partnerships.

Upon approval by the department, LEAs and public charter schools may collaborate with public or non-profit community partners to implement and conduct after-school learning mini-camps, learning loss bridge camps, and summer learning camps.

49-6-1506. Funding.

The learning loss remediation and student acceleration program must be funded from the temporary assistance for needy families (TANF) program, the LEAP grant fund established by § 49-6-701, and any other funds appropriated by the general assembly.

49-6-1507. Tennessee accelerating literacy and learning corps.

(a) The Tennessee accelerating literacy and learning corps (TALLC) is established to develop and support a statewide network of high-quality tutors to assist LEAs, public charter schools, community partners, and parents in accelerating student learning and remediating student learning loss. The department shall administer the TALLC by developing:

(1) A statewide initiative to recruit high-quality tutors to become certified TALLC members;

(2) A program to provide initial training, certification, and ongoing professional development for TALLC members. The initial training and ongoing professional development for TALLC members developed by the department pursuant to this subdivision (a)(2) must include online training options; and

(3) Content that may be used by TALLC members when providing tutoring services to students.

(b) Subject to available funding, the department may provide TALLC grants to LEAs and public charter schools to increase the number of TALLC members that are available in a community to provide high-quality tutoring services to students.

49-6-1508. Innovative benchmark assessment pilot program.

(a) The department shall establish, fund, and implement an innovative benchmark assessment pilot program to provide the Tennessee universal math screener, the Tennessee universal reading screener, and a series of state-adopted benchmark assessments to LEAs and public charter schools to allow teachers to more frequently measure student learning and address student learning loss. The results of the pilot program may be used to determine alternative ways to utilize real-time data to measure student proficiency and to inform instructional practices.

(b) LEAs and public charter schools may use the state-adopted benchmark assessments, the Tennessee universal math screener, the Tennessee universal reading screener, or a universal reading screener approved by the state board of education to measure the academic proficiency of students and to identify priority students for after-school learning mini-camps, learning loss bridge camps, and summer learning camps.

(c) The state-adopted benchmark assessments established under this pilot program must be administered as the pre-tests and post-tests required as part of after-school learning mini-camps, learning loss bridge camps, or summer learning camps.

(d) Beginning with the 2021-2022 school year, LEAs and public charter schools may authorize teachers in the non-tested grades pre-kindergarten through two (pre-K-2) to use the results of the Tennessee universal math screener, the Tennessee universal reading screener, or a universal reading screener approved by the state board of education, as described in subsection (b), as an alternative growth model for purposes of §§ 49-1-302(d)(2)(B)(ix) and 49-6-105(e) to generate individual growth scores for

teachers pursuant to the evaluation guidelines developed by the department. The department shall not base the Tennessee universal math screener, the Tennessee universal reading screener, or a universal reading screener approved by the state board of education used to evaluate teachers pursuant to this subsection (d) on the pre-k/kindergarten portfolio growth model.

49-6-1509. Progress report.

(a) By September 1, 2021, and each September 1 thereafter, LEAs and participating public charter schools shall submit the results of all pre-tests and post-tests administered to the LEA's or participating public charter school's students as part of the after-school learning mini-camps, learning loss bridge camps, and summer learning camps to the department.

(b)

(1) The department shall develop a Tennessee Learning Loss Remediation and Student Acceleration Act progress report to provide information about the effectiveness of the learning loss remediation and student acceleration program to the governor and the general assembly.

(2) The progress report must include:

(A) A statewide summary and interpretation of the information provided by LEAs and public charter schools pursuant to subsection (a);

(B) A landscape analysis and summary of data indicating how the level of overall effectiveness score attained by a licensed teacher on the teacher's most-recent annual evaluation who is providing educational services to students in an after-school learning mini-camp, learning loss bridge camp, or summer learning camp affects the academic performance outcomes of students enrolled in the after-school learning

mini-camp, learning loss bridge camp, or summer learning camp. The data reported pursuant to this subdivision (b)(2)(B) must be disaggregated by subject, grade level, and by the type of camp in which the teacher's services were provided; and

(C) Information identifying LEAs and public charter schools unable to adequately staff or conduct an after-school learning mini-camp, learning loss bridge camp, or summer learning camp in compliance with this part due to a natural disaster, the outbreak of a contagious illness, teacher shortages in a grade level or subject required for the respective camp, or other justifiable cause. The information provided pursuant to this subdivision (b)(2)(C) must describe the reason for why the LEA or public charter school was unable to adequately staff or conduct an after-school learning mini-camp, learning loss bridge camp, or summer learning camp in compliance with this part, disaggregated by subject, grade level, and by the type of camp that the LEA or public charter school was unable to adequately staff or conduct.

(3) The report must be submitted to the governor, the speaker of the senate, the speaker of the house of representatives, and the chairs of the education committees of the senate and house of representatives by November 1, 2021, and by each November 1 thereafter.

(c) The results of pre-tests and post-tests submitted to the department shall not be used to assign accountability determinations for any school or district.

49-6-1510. Procurement.

The department shall procure any good or service selected or approved by the department to effectuate this part competitively and in compliance with all state laws and

administrative rules regarding the procurement of goods and services by state agencies, including §§ 12-3-101 – 12-3-104. The department shall submit all contracts for the procurement of any good or service selected or approved by the department to effectuate this part to the fiscal review committee of the general assembly for review according to the timelines and requirements established in § 4-56-107(b)(5)(A).
