5. Beginning July 1, 1994, a minimum of twelve percent (12%) of the actual paid base salary of each member of the System employed by the municipality;

6. Beginning July 1, 1995, a minimum of twelve and one-half percent (12 1/2%) of the actual paid base salary of each member of the System employed by the municipality; and

7. Beginning July 1, 1996, a minimum of thirteen percent (13%) of the actual paid base salary of each member of the System employed by the municipality; and

8. Beginning on the effective date of this act, a minimum of fourteen percent (14%) of the actual paid base salary of each member of the System employed by the municipality.

The sum appropriated shall be paid to the System within ten (10) days following the payroll period on which the contribution is based.
The state shall make such appropriation as is necessary to assure the retirement benefits provided by the article.

SECTION 3. AMENDATORY 11 O.S. 2021, Section 50-110, is amended to read as follows:

Section 50-110. A. Each member in the Oklahoma Police Pension and Retirement System prior to the effective date of this act shall contribute to the System a minimum of eight percent (8%) of the member’s actual paid base salary. On or after the effective date of this act, each member shall contribute to the System a minimum of nine percent (9%).

At the option of the participating municipality, the participating municipality may pay all or any part of the member’s required contribution. The sums contributed shall be paid to the System as provided in this article within ten (10) days following the payroll period on which the contributions are based. Amounts deducted from the salary of a member and not paid to the System after thirty (30) days from each ending payroll date shall be subject to a monthly late charge of one and one-half percent (1 1/2%) of the unpaid balance to be paid by the municipality to the System. All funds received by a participating municipality for police retirement purposes shall be forwarded to the State Oklahoma Police Pension and Retirement Board for credit to the Oklahoma Police Pension and Retirement Fund.
B. Each municipality shall pick up under the provisions of Section 414(h)(2) of the Internal Revenue Code of 1986 and pay the contributions which the member is required by law to make to the System for all compensation earned after December 31, 1988.

Although the contributions so picked up are designated as member contributions, such contributions shall be treated as contributions being paid by the municipality in lieu of contributions by the member in determining tax treatment under the Internal Revenue Code of 1986 and such picked up contributions shall not be includable in the gross income of the member until such amounts are distributed or made available to the member or the beneficiary of the member. The member, by the terms of this System, shall not have any option to choose to receive the contributions so picked up directly and the picked up contributions must be paid by the municipality to the System.

Member contributions which are picked up shall be treated in the same manner and to the same extent as member contributions made prior to the date on which member contributions were picked up by the municipality. Member contributions so picked up shall be included in gross salary for purposes of determining benefits and contributions under the System.

The municipality shall pay the member contributions from the same source of funds used in paying salary to the member, by effecting an equal cash reduction in gross salary of the member.
SECTION 4. AMENDATORY 11 O.S. 2021, Section 50-111.1, is amended to read as follows:

Section 50-111.1. A. A member who terminates service before normal retirement date, other than by death or disability shall, upon application filed with the State Oklahoma Police Pension and Retirement Board, be refunded from the Oklahoma Police Pension and Retirement Fund an amount equal to the accumulated contributions the member has made to the Fund, but excluding any interest or any amount contributed by the municipality or state. If a member withdraws the member’s accumulated contributions, such member shall not have any recourse against the System for any type of additional benefits including, but not limited to, disability benefits. If a member has completed ten (10) years of credited service at the date of termination, the member may elect a vested benefit in lieu of receiving the member’s accumulated contributions.

If the member who has completed ten (10) or more years of credited service elects the vested benefit, the member shall be entitled to a monthly retirement annuity commencing on the date the member reaches fifty (50) years of age or the date the member would have had twenty (20) years of credited service had the member’s employment continued uninterrupted, whichever is later. The annual amount of such retirement annuity shall be equal to two and one-half percent (2 1/2%) of the annualized final average salary multiplied by the number of years of credited service. For a monthly
retirement annuity commencing on or after the effective date of this act, the annual amount of such retirement annuity shall be computed pursuant to the annualized final average salary as defined pursuant to paragraph 18 of Section 50-101 of this title multiplied by the number of years of credited service.

If a terminated member has elected a vested benefit and subsequently returns to work as a police officer of a participating municipality, their vested benefit will be set aside and prior credited service will be reinstated.

B. If a member who terminates employment and elects a vested benefit dies prior to being eligible to receive benefits, the member’s beneficiary shall be entitled to the member’s normal monthly accrued retirement benefits on the date the deceased member would have been eligible to receive the benefit.

C. Whenever a member has terminated or hereafter terminates covered employment and has withdrawn or hereafter withdraws the member’s accumulated contributions and has rejoined or hereafter rejoins the System, the member, upon proper application and approval by the Board, may pay to the System the sum of the accumulated contributions the member has withdrawn or hereafter withdraws plus ten percent (10%) annual interest from the date of withdrawal and shall receive the same benefits as if the member had never withdrawn the contributions. A lump-sum payment for repayment of any amounts received because of a member’s prior termination may be repaid by
trustee-to-trustee transfers of non-Roth funds from a Section 403(b) annuity, an eligible Section 457(b) plan, and/or a Section 401(a) qualified plan. Those members who at the time of termination of employment could not withdraw any of their accumulated contributions shall receive credited service for the time employed as an officer prior to any such termination upon proper application and approval by the Board. To receive credit for such service, all required contributions and interest shall be paid within ninety (90) days of Board approval of the application. The provisions of this subsection shall not apply to any member who is receiving benefits from the System as of July 1, 1987.

D. If an active member dies and does not leave a surviving beneficiary under paragraph 13 of Section 50-101 of this title, the accumulated contributions made to the System by the member shall be paid to the member’s estate or, if properly designated by the member, a trust.
