[ health insurance - mammography screenings -

effective date ]

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 36 O.S. 2021, Section 6060, is amended to read as follows:

Section 6060. A. For the purposes of this section:

1. "Breast magnetic resonance imaging" means a diagnostic tool used to produce detailed pictures of the structure of the breast;

2. "Breast ultrasound" means a noninvasive, diagnostic imaging technique that uses high-frequency sound waves to produce detailed images of the breast;

3. "Diagnostic examination for breast cancer" means a medically necessary and appropriate examination, as determined by a clinician
who is evaluating the individual for breast cancer, to evaluate the
abnormality in the breast that is:

a. seen or suspected from a screening examination for
   breast cancer,

b. detected by another means of examination, or

c. suspected based on the medical history of family
   medical history of the individual.

This examination may include, but is not limited to, a
diagnostic mammogram, breast magnetic resonance imaging, or a breast
ultrasound:

4. "Diagnostic mammography" means a diagnostic tool that:
   a. uses X-ray, and

   b. is designed to evaluate abnormality in a breast;

5. "Health benefit plan" means any plan or arrangement as
defined in subsection C of Section 6060.4 of this title;

6. "Low-dose mammography" means:
   a. the X-ray examination of the breast using equipment
      specifically dedicated for such purpose, with an
      average radiation exposure delivery of less than one
      rad mid-breast and with two views for each breast,

   b. digital mammography, or

   c. breast tomosynthesis;

7. "Breast tomosynthesis" means a radiologic mammography
procedure involving the acquisition of projection images over a
stationary breast to produce cross-sectional digital three-dimensional images of the breast from which breast cancer screening diagnoses may be made; and

8. "Screening mammography" means a radiologic procedure provided to a woman, who has no signs or symptoms of breast cancer, for the purpose of early detection of breast cancer, including breast tomosynthesis.

B. All health benefit plans shall include the coverage specified by this section for a low-dose mammography screening and a diagnostic examination for the presence of occult breast cancer.

Such coverage shall not:

1. Be subject to the policy deductible, co-payments and co-insurance limits of the plan; or

2. Require that a female undergo a mammography screening at a specified time as a condition of payment.

C. 1. Any female thirty-five (35) through thirty-nine (39) years of age shall be entitled pursuant to the provisions of this section to coverage for a low-dose mammography screening once every five (5) years.

2. Any female forty (40) years of age or older shall be entitled pursuant to the provisions of this section to coverage for an annual low-dose mammography screening.

SECTION 2. This act shall become effective November 1, 2022.
Passed the House of Representatives the 8th day of March, 2022.
