BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 68 O.S. 2021, Section 1352, is amended to read as follows:

Section 1352. Definitions.

As used in the Oklahoma Sales Tax Code:

1. "Bundled transaction" means the retail sale of two or more products, except real property and services to real property, where the products are otherwise distinct and identifiable, and the products are sold for one nonitemized price. A "bundled transaction" does not include the sale of any products in which the sales price varies, or is negotiable, based on the selection by the
purchaser of the products included in the transaction. As used in this paragraph:

a. "distinct and identifiable products" does not include:
   
   (1) packaging such as containers, boxes, sacks, bags, and bottles, or other materials such as wrapping, labels, tags, and instruction guides, that accompany the retail sale of the products and are incidental or immaterial to the retail sale thereof, including but not limited to, grocery sacks, shoeboxes, dry cleaning garment bags and express delivery envelopes and boxes,
   
   (2) a product provided free of charge with the required purchase of another product. A product is provided free of charge if the sales price of the product purchased does not vary depending on the inclusion of the product provided free of charge, or
   
   (3) items included in the definition of gross receipts or sales price, pursuant to this section,

b. "one nonitemized price" does not include a price that is separately identified by product on binding sales or other supporting sales-related documentation made available to the customer in paper or electronic form
including, but not limited to an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or price list,

A transaction that otherwise meets the definition of a bundled transaction shall not be considered a bundled transaction if it is:

(1) the retail sale of tangible personal property and a service where the tangible personal property is essential to the use of the service, and is provided exclusively in connection with the service, and the true object of the transaction is the service,

(2) the retail sale of services where one service is provided that is essential to the use or receipt of a second service and the first service is provided exclusively in connection with the second service and the true object of the transaction is the second service,

(3) a transaction that includes taxable products and nontaxable products and the purchase price or sales price of the taxable products is de minimis. For purposes of this subdivision, "de minimis" means the seller's purchase price or sales price of taxable products is ten percent.
(10%) or less of the total purchase price or sales price of the bundled products. Sellers shall use either the purchase price or the sales price of the products to determine if the taxable products are de minimis. Sellers may not use a combination of the purchase price and sales price of the products to determine if the taxable products are de minimis. Sellers shall use the full term of a service contract to determine if the taxable products are de minimis, or

(4) the retail sale of exempt tangible personal property and taxable tangible personal property where:

(a) the transaction includes food and food ingredients, drugs, durable medical equipment, mobility enhancing equipment, over-the-counter drugs, prosthetic devices or medical supplies, and

(b) the seller's purchase price or sales price of the taxable tangible personal property is fifty percent (50%) or less of the total purchase price or sales price of the bundled tangible personal property. Sellers may not use a combination of the purchase price and
