To repeal section 334.043, RSMo, and to enact in lieu thereof twenty-six new sections relating to physician licensure.

Be it enacted by the General Assembly of the state of Missouri, as follows:

334.043. [Upon the applicant paying a fee equivalent to the required examination fee and furnishing the board with all locations of previous practice and licensure in chronological order, the board shall, under regulations prescribed by it, admit without examination qualified persons who meet the requirements of this state including, but not limited to, sections 334.031, 334.035 and 334.040, and who hold certificates of licensure in any state or territory of the United States or the District of Columbia authorizing them to practice in the same manner and to the same extent as physicians and surgeons are authorized to practice by this chapter. Within the limits of this section, the board is authorized and empowered to negotiate reciprocal compacts with licensing boards of other states for admission of licensed practitioners from Missouri in other states] 1. For purposes of this section, the following terms mean:

The term "military" also includes the military reserves and militia of any United States territory or state;

(4) "Nonresident military spouse", a nonresident spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis;

2. Any person who holds a valid current physician and surgeon license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit to the board an application for a physician and surgeon license in Missouri along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction.

3. The board shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other jurisdiction verifies that the person met those requirements in order to be licensed or certified in that jurisdiction. The board may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military spouse or a resident military spouse, waive any examination, educational, or experience requirements for licensure in this state for the
applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

(2) If another jurisdiction has taken disciplinary action against an applicant, the board shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the board may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the board from denying a license to an applicant under this section for any reason described in section 334.100.

6. Any person who is licensed under the provisions of this section shall be subject to the board's jurisdiction and all rules and regulations pertaining to the practice as a physician and surgeon in this state.

7. This section shall not be construed to waive any requirement for an applicant to pay any fees.

334.1600. Sections 334.1600 to 334.1720 shall be known and may be cited as the "Interstate Medical Licensure Compact".

334.1605. In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the
jurisdiction to impose an adverse action against a license to practice medicine in that
state issued to a physician through the procedures in the Compact.

   criminal offense through adjudication, or entry of a plea of guilt or no contest to the
   charge by the offender. Evidence of an entry of a conviction of a criminal offense by the
   court shall be considered final for purposes of disciplinary action by a member board.

3. The Interstate Commission is authorized to develop rules to facilitate redesignation of another member state as the state of principal license.

334.1625. 1. A physician seeking licensure through the Compact shall file an application for an expedited license with the member board of the state selected by the physician as the state of principal license.

5. An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

6. An expedited license obtained through the Compact shall be terminated if a physician fails to maintain a license in the state of principal licensure for a non-disciplinary reason, without redesignation of a new state of principal licensure.

7. The Interstate Commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

334.1630. 1. A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the Compact.

3. A subpoena issued by a member state shall be enforceable in other member states.

4. Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

5. Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

334.1650. 1. Any disciplinary action taken by any member board against a physician licensed through the Compact shall be deemed unprofessional conduct which
may be subject to discipline by other member boards, in addition to any violation of the Medical Practice Act or regulations in that state.

2. If a license granted to a physician by the member board in the state of principal license is revoked, surrendered or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

3. If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:
   
   (1) Impose the same or lesser sanction(s) against the physician so long as such sanctions are consistent with the Medical Practice Act of that state; or
   
   (2) Pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

4. If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any license(s) issued to the physician by any other member board(s) shall be suspended, automatically and immediately without further action necessary by the other member board(s), for ninety (90) days upon entry of the order by the disciplining board, to permit the member board(s) to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety (90) day suspension period in a manner consistent with the Medical Practice Act of that state.

334.1655. 1. The member states hereby create the "Interstate Medical Licensure Compact Commission".

2. The purpose of the Interstate Commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

3. The Interstate Commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the Compact, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the Compact.

4. The Interstate Commission shall consist of two voting representatives appointed by each member state who shall serve as Commissioners. In states where

2. Executive director, executive secretary, or similar executive of a member board; or
3. Member of the public appointed to a member board.

5. The Interstate Commission shall meet at least once each calendar year. A portion of this meeting shall be a business meeting to address such matters as may properly come before the Commission, including the election of officers. The chairperson may call additional meetings and shall call for a meeting upon the request of a majority of the member states.

6. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

7. Each Commissioner participating at a meeting of the Interstate Commission is entitled to one vote. A majority of Commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission. A Commissioner shall not delegate a vote to another Commissioner. In the absence of its Commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection 4 of this section.

8. The Interstate Commission shall provide public notice of all meetings and all meetings shall be open to the public. The Interstate Commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the Commissioners present that an open meeting would be likely to:

1. Relate solely to the internal personnel practice and procedures of the Interstate Commission;
2. Discuss matters specifically exempted from disclosure by federal statute;
3. Discuss trade secrets, commercial, or financial information that is privileged or confidential;
4. Involve accusing a person of a crime, or formally censuring a person;
5. Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
6. Discuss investigative records compiled for law enforcement purposes; or
(7) Specifically relate to the participation in a civil action or other legal proceeding.

9. The Interstate Commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

10. The Interstate Commission shall make its information and official records, to the extent not otherwise designated in the Compact or by its rules, available to the public for inspection.

11. The Interstate Commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. When acting on behalf of the Interstate Commission, the executive committee shall oversee the administration of the Compact including enforcement and compliance with the provisions of the Compact, its bylaws and rules, and other such duties as necessary.

12. The Interstate Commission shall establish other committees for governance and administration of the Compact.

334.1660. The powers and duties of the Interstate Commission shall be to:

(1) Oversee and maintain the administration of the Compact;

(2) Promulgate rules which shall be binding to the extent and in the manner provided for in the Compact;

(3) Issue, upon the request of a member state or member board, advisory opinions concerning the meaning or interpretation of the Compact, its bylaws, rules, and actions;

(4) Enforce compliance with Compact provisions, the rules promulgated by the Interstate Commission, and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;

(5) Establish and appoint committees including, but not limited to, an executive committee as required by section 334.1655, which shall have the power to act on behalf of the Interstate Commission in carrying out its powers and duties;

(6) Pay, or provide for the payment of the expenses related to the establishment, organization, and ongoing activities of the Interstate Commission;

(7) Establish and maintain one or more offices;

(8) Borrow, accept, hire, or contract for services of personnel;

(9) Purchase and maintain insurance and bonds;
(10) Employ an executive director who shall have such powers to employ, select or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;

(11) Establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(12) Accept donations and grants of money, equipment, supplies, materials, and services and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the Interstate Commission;

(13) Lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;

(14) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(15) Establish a budget and make expenditures;

(16) Adopt a seal and bylaws governing the management and operation of the Interstate Commission;

(17) Report annually to the legislatures and governors of the member states concerning the activities of the Interstate Commission during the preceding year. Such reports shall also include reports of financial audits and any recommendations that may have been adopted by the Interstate Commission;

(18) Coordinate education, training, and public awareness regarding the Compact, its implementation, and its operation;

(19) Maintain records in accordance with the bylaws;

(20) Seek and obtain trademarks, copyrights, and patents; and

(21) Perform such functions as may be necessary or appropriate to achieve the purpose of the Compact.

334.1665. 1. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

2. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

3. The Interstate Commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.
4. The Interstate Commission shall be subject to a yearly financial audit conducted by a certified or licensed accountant and the report of the audit shall be included in the annual report of the Interstate Commission.

334.1670. 1. The Interstate Commission shall, by a majority of Commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve (12) months of the first Interstate Commission meeting.

2. The Interstate Commission shall elect or appoint annually from among its Commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission.

3. Officers selected in subsection 2 of this section shall serve without remuneration for the Interstate Commission.

4. The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

5. The liability of the executive director and employees of the Interstate Commission or representatives of the Interstate Commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purpose of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

6. The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant
had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

7. To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgement, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of the Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

334.1675. 1. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purpose of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

2. Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

3. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

334.1680. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as
statutory law but shall not override existing state authority to regulate the practice of
medicine.

2. All courts shall take judicial notice of the Compact and the rules in any
judicial or administrative proceeding in a member state pertaining to the subject matter
of the Compact which may affect the powers, responsibilities or actions of the Interstate
Commission.

3. The Interstate Commission shall be entitled to receive all services of process in
any such proceeding, and shall have standing to intervene in the proceeding for all
purposes. Failure to provide service of process to the Interstate Commission shall
render a judgment or order void as to the Interstate Commission, the Compact, or
promulgated rules.

334.1685. 1. The Interstate Commission, in the reasonable exercise of its
discretion, shall enforce the provisions and rules of the Compact.

2. The Interstate Commission may, by majority vote of the Commissioners,
initiate legal action in the United States District Court for the District of Columbia, or,
at the discretion of the Interstate Commission, in the federal district where the
Interstate Commission has its principal offices, to enforce compliance with the
provisions of the Compact, and its promulgated rules and bylaws, against a member
state in default. The relief sought may include both injunctive relief and damages. In
the event judicial enforcement is necessary, the prevailing party shall be awarded all
costs of such litigation including reasonable attorney’s fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate
Commission. The Interstate Commission may avail itself of any other remedies
available under state law or regulation of a profession.

334.1690. 1. The grounds for default include, but are not limited to, failure of a
member state to perform such obligations or responsibilities imposed upon it by the
Compact, or the rules and bylaws of the Interstate Commission promulgated under the
Compact.

2. If the Interstate Commission determines that a member state has defaulted in
the performance of its obligations or responsibilities under the Compact, or the bylaws
or promulgated rules, the Interstate Commission shall:

   (1) Provide written notice to the defaulting state and other member states, of the
nature of the default, the means of curing the default, and any action taken by the
Interstate Commission. The Interstate Commission shall specify the conditions by
which the defaulting state must cure its default; and

   (2) Provide remedial training and specific technical assistance regarding the
default.
3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

2. Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.
