An act to amend Section 13512 of the Water Code, relating to water quality.

## LEGISLATIVE COUNSEL'S DIGEST

SB 31, as introduced, McNerney. Water quality: water recycling facilities: state policy.

Existing law states the intention of the Legislature that the state undertake all possible steps to encourage development of water recycling facilities so that recycled water may be made available to help meet the growing water requirements of the state.

This bill would make a nonsubstantive change to that statement.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
