Legislative Counsel’s Digest:
Existing law: (1) provides for the licensure and regulation of physician assistants by the Board of Medical Examiners and the State Board of Osteopathic Medicine; and (2) requires a physician assistant to work under the supervision of a physician or osteopathic physician. (NRS 630.271, 630.275, 633.432–633.469) Sections 5, 10-12, 24 and 26-29 of this bill remove the requirement that a physician assistant be supervised by a physician or osteopathic physician. Sections 9, 21, 30-32, 35, 36, 81-84, 90, 98, 168, 169 and 204 of this bill remove references to supervision of a physician assistant by a physician or osteopathic physician.
Sections 4 and 23 of this bill require a physician assistant who has practiced for less than 4,000 hours as a physician assistant to enter into a collaborative agreement with a physician. Sections 4 and 23 also prescribe the settings in which a physician assistant is authorized to practice. Sections 10 and 26 of this bill: (1) require a physician assistant to obtain the informed consent of a patient before providing any medical service; (2) prescribe medical services that a physician assistant is authorized to perform; and (3) require a physician assistant to only perform such services within his or her scope of practice and which he or she has the necessary education, training and experience to competently perform. Sections 12 and 28 of this bill remove a requirement that the Board of Medical Examiners and the State Board of Osteopathic Medicine adopt regulations governing the testing or examination of applicants for licensure as a physician assistant and the services which a physician assistant may perform. Section 30 makes a technical revision concerning the renewal of a license as an osteopathic physician assistant. Sections 1-3, 13-16, 18-20, 22, 25, 32-34, 37-80, 85-89, 91-97, 99-127, 129-167 and 170-201 of this bill make various changes so that physician assistants have similar authority and duties to other providers of health care who provide medical services independently and are otherwise treated in the same manner as other such providers of health care. Sections 54, 56, 70, 126, 142 and 178 of this bill also add advanced practice registered nurses to certain provisions to ensure that physician assistants and advanced practice registered nurses have similar authority.

Existing law provides that the Board of Medical Examiners consists of: (1) six licensed physicians; (2) one representative of the interests of persons or agencies that regularly provide health care to persons who are indigent, uninsured or unable to afford health care; and (3) two residents of this State who are not affiliated with the healing arts. (NRS 631.050) Existing law also authorizes the Board to select physicians and members of the public to serve as advisory members of the Board. (NRS 630.075) Sections 6, 7 and 202 of this bill require the appointment of two additional members of the Board who are physician assistants. Section 8 of this bill authorizes the Board to select physician assistants to serve as advisory members of the Board.

Existing law prohibits a person who is not licensed as a physician assistant from holding himself or herself out as a physician assistant. (NRS 630.400, 633.471) Sections 17 and 32 of this bill authorize an unlicensed person who meets the requirements for licensure as a physician assistant to refer to himself or herself as an “inactive physician assistant.”

Existing law requires the State Board of Pharmacy to adopt regulations governing the: (1) administration, possession, dispensing, storage, security, recordkeeping and transportation of controlled substances by a physician assistant; and (2) administration, possession, prescription, dispensing, storage, security, recordkeeping and transportation of dangerous drugs, poisons and devices by a physician assistant. (NRS 639.1373) Section 35 removes a requirement that the Board consider the experience and training of the physician assistant when adopting those regulations.

Existing law establishes a rural clinic as a medical facility in a rural area where medical services are provided by a physician assistant or advanced practice registered nurse under the supervision of a physician. (NRS 449.0175) Section 128 of this bill removes the requirement that a rural clinic be supervised by a physician.

Costs of medical care incurred by the plaintiff and general and administrative expenses incurred by the office of the attorney are not deductible disbursements or costs.

4. As used in this section:
   (a) “Professional negligence” means a negligent act or omission to act by a provider of health care in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death. Sec. 45. NRS 42.021 is hereby amended to read as follows:

42.021 1. In an action for injury or death against a provider of health care based upon professional negligence, if the defendant so elects, the defendant may introduce evidence of any amount payable as a benefit to the plaintiff as a result of the injury or death pursuant to the United States Social Security Act, any state or federal income disability or worker’s compensation act, any health, sickness or income-disability insurance, accident insurance that provides health benefits or income-disability coverage, and any contract or agreement of any group, organization, partnership or corporation to provide, pay for or reimburse the cost of medical, hospital, dental or other health care services. If the defendant elects to introduce such evidence, the plaintiff may introduce evidence of any amount that the plaintiff has paid or contributed to secure the plaintiff’s right to any insurance benefits concerning which the defendant has introduced evidence.

2. A source of collateral benefits introduced pursuant to subsection 1 may not:
   (a) Recover any amount against the plaintiff; or
(b) Be subrogated to the rights of the plaintiff against a defendant.

3. In an action for injury or death against a provider of health care based upon professional negligence, a district court shall, at the request of either party, enter a judgment ordering that money damages or its equivalent for future damages of the judgment creditor be paid in whole or in part by periodic payments rather than by a lump-sum payment if the award equals or exceeds $50,000 in future damages.

4. In entering a judgment ordering the payment of future damages by periodic payments pursuant to subsection 3, the court shall make a specific finding as to the dollar amount of periodic payments that will compensate the judgment creditor for such future damages. As a condition to authorizing periodic payments of future damages, the court shall require a judgment debtor who is not adequately insured to post security adequate to assure full payment of such damages awarded by the judgment. Upon termination of periodic payments of future damages, the court shall order the return of this security, or so much as remains, to the judgment debtor.

5. A judgment ordering the payment of future damages by periodic payments entered pursuant to subsection 3 must specify the recipient or recipients of the payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments will be made. Such payments must only be subject to modification in the event of the death of the judgment creditor. Money damages awarded for loss of future earnings must not be reduced or payments terminated by reason of the death of the judgment creditor, but must be paid to persons to whom the judgment creditor owed a duty of support, as provided by law, immediately before the judgment creditor’s death. In such cases, the court that rendered the original judgment may, upon petition of any party in interest, modify the judgment to award and apportion the unpaid future damages in accordance with this subsection.

6. If the court finds that the judgment debtor has exhibited a continuing pattern of failing to make the periodic payments as specified pursuant to subsection 5, the court shall find the judgment debtor in contempt of court and, in addition to the required periodic payments, shall order the judgment debtor to pay the judgment creditor all damages caused by the failure to make such periodic payments, including, but not limited to, court costs and attorney’s fees.

7. Following the occurrence or expiration of all obligations specified in the periodic payment judgment, any obligation of the
judgment debtor to make further payments ceases and any security
given pursuant to subsection 4 reverts to the judgment debtor.

8. As used in this section:
   (a) “Future damages” includes damages for future medical
treatment, care or custody, loss of future earnings, loss of bodily
function, or future pain and suffering of the judgment creditor.
   (b) “Periodic payments” means the payment of money or
delivery of other property to the judgment creditor at regular
   intervals.
   (c) “Professional negligence” means a negligent act or omission
to act by a provider of health care in the rendering of professional
services, which act or omission is the proximate cause of a personal
injury or wrongful death. The term does not include services that are
outside the scope of services for which the provider of health care is
licensed or services for which any restriction has been imposed by
the applicable regulatory board or health care facility.

IMPORTANT FACTS:

1. THIS DOCUMENT GIVES THE PERSON YOU
DESIGNATE AS YOUR AGENT THE POWER TO MAKE
HEALTH CARE DECISIONS FOR YOU. THIS POWER IS
SUBJECT TO ANY LIMITATIONS OR STATEMENT OF YOUR DESIRES THAT YOU INCLUDE IN THIS DOCUMENT. THE POWER TO MAKE HEALTH CARE DECISIONS FOR YOU MAY INCLUDE CONSENT, REFUSAL OF CONSENT OR WITHDRAWAL OF CONSENT TO ANY CARE, TREATMENT, SERVICE OR PROCEDURE TO MAINTAIN, DIAGNOSE OR TREAT A PHYSICAL OR MENTAL CONDITION. YOU MAY STATE IN THIS DOCUMENT ANY TYPES OF TREATMENT OR PLACEMENTS THAT YOU DO NOT DESIRE.

YOU HAVE THE RIGHT TO DETERMINE WHETHER TO AUTHORIZE THE PERSON DESIGNATED IN THIS DOCUMENT TO MAKE DECISIONS FOR YOU ABOUT WHERE YOU LIVE WHEN YOU ARE NO LONGER CAPABLE OF MAKING THAT DECISION. IF YOU DO NOT PROVIDE SUCH AUTHORIZATION TO THE PERSON DESIGNATED IN THIS DOCUMENT, THAT PERSON MAY NOT BE ABLE TO ASSIST YOU TO MOVE TO A MORE SUPPORTIVE LIVING ARRANGEMENT WITHOUT OBTAINING APPROVAL THROUGH A JUDICIAL PROCESS.

7. YOU HAVE THE RIGHT TO REVOKE THE APPOINTMENT OF THE PERSON DESIGNATED IN THIS DOCUMENT TO MAKE HEALTH CARE DECISIONS FOR YOU BY NOTIFYING THAT PERSON OF THE REVOCATION ORALLY OR IN WRITING.

F. If I have an incurable or terminal condition, including late stage dementia, or illness and no reasonable hope of long-term recovery or survival, I desire my attending physician, attending physician assistant or attending advanced practice registered nurse to administer any medication to alleviate suffering without regard that the medication is likely to cause addiction or reduce the extension of my life. DURABLE POWER OF ATTORNEY
FOR HEALTH CARE DECISIONS

My name is.................... (insert your name) and my address is.................... (insert your address). I would like to designate.................... (insert the name of the person you wish to designate as your agent for health care decisions for you) as my agent for health care decisions for me if I am sick or hurt and need to see a doctor, a physician assistant or an advanced practice registered nurse or go to the hospital. I understand what this means.

If I am sick or hurt, my agent should take me to the doctor, a physician assistant or an advanced practice registered nurse. If my agent is not with me when I become sick or hurt, please contact my agent and ask him or her to come to the doctor’s, physician assistant’s or advanced practice registered nurse’s office. I would like the doctor, physician assistant or advanced practice registered nurse to speak with my agent and me about my sickness or injury and whether I need any medicine or other treatment. After we speak with the doctor, physician assistant or advanced practice registered nurse, I would like my agent to speak with me about the care or treatment. When we have made decisions about the care or treatment, my agent will tell the doctor, physician assistant or advanced practice registered nurse about our decisions and sign any necessary papers.

If I am very sick or hurt, I may need to go to the hospital. I would like my agent to help me decide if I need to go to the hospital. If I go to the hospital, I would like the people who work at the hospital to try very hard to care for me. If I am able to communicate, I would like the doctor, physician assistant or advanced practice registered nurse at the hospital...
to speak with me and my agent about what care or treatment I
should receive, even if I am unable to understand what is
being said about me. After we speak with the doctor, 
physician assistant or advanced practice registered nurse, I
would like my agent to help me decide what care or treatment
I should receive. Once we decide, my agent will sign any
necessary paperwork. If I am unable to communicate because
of my illness or injury, I would like my agent to make
decisions about my care or treatment based on what he or she
thinks I would do and what is best for me.

I would like my agent to help me decide if I need to see a
dentist and help me make decisions about what care or
treatment I should receive from the dentist. Once we decide,
my agent will sign any necessary paperwork.

I would also like my agent to be able to see and have
copies of all my medical records. If my agent requests to see
or have copies of my medical records, please allow him or her
to see or have copies of the records.

I understand that my agent cannot make me receive any
care or treatment that I do not want. I also understand that I
can take away this power from my agent at any time, either
by telling my agent that he or she is no longer my agent or by
putting it in writing.

If my agent is unable to make health care decisions for
me, then I designate............... (insert the name of another

The Department, pharmacy benefit manager or health maintenance organization, as applicable, shall disclose to a recipient or attending practitioner who submits an application for an exemption from step therapy pursuant to subsection 1 the qualifications of each person who will review the application.

6. The Department, pharmacy benefit manager or health maintenance organization, as applicable, must grant an exemption from step therapy in response to an application submitted pursuant to subsection 1 if:

(a) Any treatment otherwise required under the step therapy or any drug in the same pharmacological class or having the same mechanism of action as the drug for which the exemption is requested has not been effective at treating the cancer or symptom of the recipient when prescribed in accordance with clinical indications, clinical guidelines or other peer-reviewed evidence;

(b) Delay of effective treatment would have severe or irreversible consequences for the recipient and the treatment otherwise required under the step therapy is not reasonably expected to be effective based on the physical or mental characteristics of the recipient and the known characteristics of the treatment;

(c) Each treatment otherwise required under the step therapy:

which the exemption applies. The Department, pharmacy benefit manager or health maintenance organization may initially limit the coverage to a 1-week supply of the drug for which the exemption is granted. If the attending practitioner determines after 1 week that the drug is effective at treating the cancer or symptom for which it was prescribed, the State must continue to pay the nonfederal share of the cost of the drug for as long as it is necessary to treat the recipient for the cancer or symptom. The Department, pharmacy benefit manager or health maintenance organization, as applicable, may conduct a review not more frequently than once each quarter to determine, in accordance with available medical evidence, whether the drug remains necessary to treat the recipient for the cancer or symptom. The Department, pharmacy benefit manager or health maintenance organization, as applicable, shall provide a report of the review to the recipient.

8. The Department and any pharmacy benefit manager or health maintenance organization with which the Department contracts pursuant to NRS 422.4053 to manage prescription drug benefits shall post in an easily accessible location on an Internet website maintained by the Department, pharmacy benefit manager or health maintenance organization, as applicable, a form for requesting an exemption pursuant to this section.

439B.410 1. Except as otherwise provided in subsection 4, each hospital in this State has an obligation to provide emergency services and care, including care provided by physicians, physician assistants and nurses, and to admit a patient where appropriate, regardless of the financial status of the patient.

2. Except as otherwise provided in subsection 4, it is unlawful for a hospital or a physician working in a hospital emergency room to:

(a) Refuse to accept or treat a patient in need of emergency services and care; or

(b) Except when medically necessary in the judgment of the attending physician:

   (1) Transfer a patient to another hospital or health facility unless, as documented in the patient’s records:

      (II) Consent to the transfer has been given by the receiving physician, hospital or health facility;

      (III) The patient has been provided with an explanation of the need for the transfer; and

      (IV) Consent to the transfer has been given by the patient or the patient’s legal representative; or

   (2) Provide a patient with orders for testing at another hospital or health facility when the hospital from which the orders are issued is capable of providing that testing.

3. A physician, hospital or other health facility which treats a patient as a result of a violation of subsection 2 by a hospital or a physician working in the hospital is entitled to recover from that hospital an amount equal to three times the charges for the treatment provided that was billed by the physician, hospital or other health facility which provided the treatment, plus reasonable attorney’s fees and costs.

4. This section does not prohibit the transfer of a patient from one hospital to another:

(a) When the patient is covered by an insurance policy or other contractual arrangement which provides for payment at the receiving hospital;

(b) After the county responsible for payment for the care of an indigent patient has exhausted the money which may be appropriated for that purpose pursuant to NRS 428.050, 428.285 and 450.425; or
(c) When the hospital cannot provide the services needed by the
patient.

No transfer may be made pursuant to this subsection until the
patient’s condition has been stabilized to a degree that allows the
transfer without an additional risk to the patient.

5. As used in this section:

(a) “Emergency services and care” means medical screening,
examination and evaluation by a physician or, to the extent

(b) “Medically fit” means that the condition of the patient has
been sufficiently stabilized so that the patient may be safely
transported to another hospital, or is such that, in the determination
of the attending physician, the transfer of the patient constitutes an
acceptable risk. Such a determination must be based upon the
condition of the patient, the expected benefits, if any, to the patient
resulting from the transfer and whether the risks to the patient’s
health are outweighed by the expected benefits, and must be
documented in the patient’s records before the transfer.

6. If an allegation of a violation of the provisions of subsection
2 is made against a hospital licensed pursuant to the provisions of
chapter 449 of NRS, the Division of Public and Behavioral Health
of the Department shall conduct an investigation of the alleged
violation. Such a violation, in addition to any criminal penalties that
may be imposed, constitutes grounds for the denial, suspension or
revocation of such a license, or for the imposition of any sanction
prescribed by NRS 449.163.

5. The Department shall waive the fee prescribed by NRS

youth under the age of 25 years who submits a signed affidavit on a
form prescribed by the Department stating that the child or youth is homeless and under the age of 25 years.

6. As used in this section, “homeless child or youth” has the meaning ascribed to it in 42 U.S.C. § 11434a.

Sec. 172. NRS 483.348 is hereby amended to read as follows:

483.348 1. Except as otherwise provided in subsection 2, the Department shall issue a driver’s license with a specially colored background to any person who qualifies for a driver’s license pursuant to the provisions of this chapter and delivers to the Department a signed statement from a physician, a physician assistant or an advanced practice registered nurse that the person is an insulin dependent diabetic or an epileptic. The Department shall designate one color to be used only for a driver’s license held by a diabetic and another color to be used only for a driver’s license held by an epileptic.

2. In lieu of issuing a driver’s license pursuant to subsection 1, the Department may issue to a person specified in that subsection a driver’s license with a specially colored border around the photograph on the license.

3. The Department of Public Safety shall provide for the education of peace officers on the:

(a) Effects and treatment of a person suffering from a diabetic condition or an epileptic seizure and the similarity in appearance of a person suffering from a diabetic condition or an epileptic seizure to a person under the influence of alcohol or a controlled substance; and

(b) Procedures for identifying and handling situations involving a person suffering from a diabetic condition or an epileptic seizure.

Sec. 173. NRS 483.349 is hereby amended to read as follows:

483.349 1. Upon the application of a person with a disability which limits or impairs the ability to walk, the Department shall place on any driver’s license issued to the person pursuant to the provisions of this chapter a designation that the person is a person with a disability. The application must include a statement from a licensed physician, a licensed physician assistant or an advanced practice registered nurse certifying that the applicant is a person with a disability which limits or impairs the ability to walk.

2. For the purposes of this section, “person with a disability which limits or impairs the ability to walk” has the meaning ascribed to it in NRS 482.3835.

Sec. 174. NRS 483.363 is hereby amended to read as follows:

483.363 1. A person who is 18 years of age or older may file with the Department a report requesting that the Department examine a licensee who:
(a) Is related to the person filing the report within the third degree of consanguinity or who is the spouse of the person filing the report; and

(b) The person filing the report reasonably and in good faith believes cannot safely operate a motor vehicle.

2. The report described in subsection 1 must:

(a) Include the name, relationship, address, telephone number and signature of the person filing the report.

(b) State the person’s basis for believing that the licensee cannot safely operate a motor vehicle, which basis must be:

(1) Personal observation or physical evidence of a physical or medical condition that has the potential to impair the ability of the licensee to operate a motor vehicle, corroborated by an affidavit from a physician, a physician assistant or an advanced practice registered nurse in which the physician, physician assistant or advanced practice registered nurse concurs that the licensee should be examined to determine the licensee’s ability to safely operate a motor vehicle;

(2) Personal knowledge that the driving record of the licensee indicates the unsafe operation of a motor vehicle, corroborated by an affidavit from a physician, a physician assistant or an advanced practice registered nurse in which the physician, physician assistant or advanced practice registered nurse concurs that the licensee should be examined to determine the licensee’s ability to safely operate a motor vehicle; or

(3) An investigation by a law enforcement officer.

(c) Be kept confidential, except as otherwise provided in NRS 239.0115 and except that the report must be released upon request of the licensee or an order of a court of competent jurisdiction.

3. The Administrator shall prescribe:

(a) A standard form to be used for the filing of a report pursuant to this section; and

(b) The procedure to be used for the filing of a report pursuant to this section.

Sec. 175. NRS 483.384 is hereby amended to read as follows:

483.384 1. The Department may require an applicant for a renewal license to appear before an examiner for a driver’s license and successfully pass an eye test.

2. The Department may accept, in lieu of an eye test, a report from an ophthalmologist, optometrist, physician, physician assistant, advanced practice registered nurse or agency of another state which has duties comparable to those of the Department if the
reported test was performed within 90 days before the application for renewal and:

(a) The applicant is qualified to renew his or her driver’s license by mail in accordance with the procedure established pursuant to NRS 483.383; or

(b) The Department determines, upon good cause shown, that the applicant is unable to appear in person.

3. The Department shall adopt regulations which prescribe:

(a) The criteria to determine which applicant for a renewal license must appear and successfully pass an eye test.

(b) The circumstances under which the Department will accept a report from an ophthalmologist, optometrist, physician, physician assistant, advanced practice registered nurse or agency of another state which is authorized to conduct eye tests, in lieu of an eye test for the renewal of an applicant’s driver’s license.

4. If the Administrator or his or her authorized agent has reason to believe that the licensee is no longer qualified to receive a license because of the licensee’s physical condition, the Department may require that the applicant submit to an examination pursuant to the provisions of NRS 483.330. The age of a licensee, by itself, does not constitute grounds for requiring an examination of driving qualifications.

Sec. 176. NRS 483.575 is hereby amended to read as follows:

483.575 1. A person with epilepsy shall not operate a motor vehicle if that person has been informed by a physician, a physician assistant or an advanced practice registered nurse pursuant to NRS 629.047 that his or her condition would severely impair his or her ability to safely operate a motor vehicle. A violation of this subsection is a misdemeanor.

2. If a physician, a physician assistant or an advanced practice registered nurse is aware that a person has violated subsection 1 after the physician, physician assistant or advanced practice registered nurse has informed the person pursuant to NRS 629.047 that the person’s condition would severely impair his or her ability to safely operate a motor vehicle, the physician, physician assistant or advanced practice registered nurse may, without the consent of the person, submit a written report to the Department that includes the name, address and age of the person. A report received by the Department pursuant to this subsection:

(a) Is confidential, except that the contents of the report may be disclosed to the person about whom the report is made; and

(b) May be used by the Department solely to determine the eligibility of the person to operate a vehicle on the streets and highways of this State.
3. The submission by a physician, a physician assistant or an advanced practice registered nurse of a report pursuant to subsection 2 is solely within his or her discretion. No cause of action may be brought against a physician, a physician assistant or an advanced practice registered nurse based on the fact that he or she did not submit such a report.

4. No cause of action may be brought against a physician, a physician assistant or an advanced practice registered nurse based on the fact that he or she submitted a report pursuant to subsection 2 unless the physician, physician assistant or advanced practice registered nurse acted with malice, intentional misconduct, gross negligence or intentional or knowing violation of the law.

Sec. 177. NRS 483.865 is hereby amended to read as follows:

483.865 1. Upon the application of a person with a disability which limits or impairs the ability to walk, the Department shall place on any identification card issued to the person pursuant to NRS 483.810 to 483.890, inclusive, a designation that the person is a person with a disability. The application must include a statement from a licensed physician, a physician assistant or an advanced practice registered nurse certifying that the applicant is a person with a disability which limits or impairs the ability to walk.

2. For the purposes of this section, “person with a disability which limits or impairs the ability to walk” has the meaning ascribed to it in NRS 482.3835.

Sec. 178. NRS 484B.157 is hereby amended to read as follows:

484B.157 1. Except as otherwise provided in subsection 7, any person who is transporting:

(a) A child who is less than 6 years of age and less than 57 inches tall in a motor vehicle operated in this State which is equipped to carry passengers shall secure the child in a child restraint system which:

(1) Has been approved by the United States Department of Transportation in accordance with the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. Part 571;

(2) Is appropriate for the size and weight of the child; and

(3) Is installed within and attached safely and securely to the motor vehicle:

(I) In accordance with the instructions for installation and attachment provided by the manufacturer of the child restraint system; or

(II) In another manner that is approved by the National Highway Traffic Safety Administration.

(b) A child who is less than 2 years of age in a motor vehicle operated in this State which is equipped to carry passengers shall
secure the child in a rear-facing child restraint system in the back seat of the motor vehicle in accordance with subparagraphs (1), (2) and (3) of paragraph (a) unless the child is secured in a rear-facing child restraint system on the passenger side of the front seat in accordance with subparagraphs (1), (2) and (3) of paragraph (a), the air bag on the passenger’s side of the front seat, if any, is deactivated and:

(1) Special health care needs of the child require the child to ride in the front seat of the motor vehicle and a written statement signed by a physician, physician assistant or advanced practice registered nurse certifying the requirement is carried in the motor vehicle;

(2) All back seats in the motor vehicle are in use by other children who are less than 2 years of age; or

(3) The motor vehicle is not equipped with back seats.

2. A person who violates the provisions of subsection 1 is guilty of a misdemeanor and the court shall:

(a) For a first offense, order the person to pay a fine of not less than $100 or more than $500 or order the person to perform not less than 10 hours or more than 50 hours of community service;

(b) For a second offense, order the person to pay a fine of not less than $500 or more than $1,000 or order the person to perform not less than 50 hours or more than 100 hours of community service; and

(c) For a third or subsequent offense, suspend the driver’s license of the person for not less than 30 days or more than 180 days.

3. At the time of sentencing, the court shall provide the person who committed the offense with a list of persons and agencies approved by the Department of Public Safety to conduct programs of training and perform inspections of child restraint systems. The list must include, without limitation, an indication of the fee, if any, established by the person or agency pursuant to subsection 4. If, within 60 days after sentencing, the person provides the court with proof of satisfactory completion of a program of training provided for in this subsection, the court shall:

(a) If the person was sentenced pursuant to paragraph (a) of subsection 2, waive the fine or community service previously imposed; or

(b) If the person was sentenced pursuant to paragraph (b) of subsection 2, reduce by one-half the fine or community service previously imposed.

* A person is only eligible for a reduction of a fine or community service pursuant to paragraph (b) if the person has not had a fine or community service waived pursuant to paragraph (a).
4. A person or agency approved by the Department of Public Safety to conduct programs of training and perform inspections of child restraint systems may, in cooperation with the Department of Motor Vehicles, establish a fee to be paid by persons who are ordered to complete a program of training. The amount of the fee, if any:
   (a) Must be reasonable; and
   (b) May, if a person desires to acquire a child restraint system from such a person or agency, include the cost of a child restraint system provided by the person or agency to the defendant.

A program of training may not be operated for profit.

5. For the purposes of NRS 483.473, a violation of this section is not a moving traffic violation.

6. A violation of this section may not be considered:
   (a) Negligence in any civil action; or
   (b) Negligence or reckless driving for the purposes of NRS 484B.653.

7. This section does not apply:
   (a) To a person who is transporting a child in a means of public transportation, including a taxi, school bus or emergency vehicle.
   (b) When a physician, a physician assistant or an advanced practice registered nurse determines that the use of such a child restraint system for the particular child would be impractical or dangerous because of such factors as the child’s weight, physical unfitness or medical condition. In this case, the person transporting the child shall carry in the vehicle the signed statement of the physician, physician assistant or advanced practice registered nurse to that effect.

8. The Department of Public Safety may accept gifts, grants and donations from any source for the purpose of the purchase or donation of child restraint systems for persons who are in financial need.

9. As used in this section, “child restraint system” means any device that is designed for use in a motor vehicle to restrain, seat or position children. The term includes, without limitation:
   (a) Booster seats and belt-positioning seats that are designed to elevate or otherwise position a child so as to allow the child to be secured with a safety belt;
   (b) Integrated child seats; and
   (c) Safety belts that are designed specifically to be adjusted to accommodate children.

Sec. 179. NRS 484C.160 is hereby amended to read as follows:

vehicle on a highway or on premises to which the public has access

determine the concentration of alcohol in his or her blood or breath 
or to determine whether a controlled substance, chemical, poison, 
organic solvent or another prohibited substance is present, if such a 
test is administered at the request of a police officer having 
reasonable grounds to believe that the person to be tested was:
  (a) Driving or in actual physical control of a vehicle while under 
the influence of intoxicating liquor or a controlled substance or with 
a prohibited substance in his or her blood or urine; or
  (b) Engaging in any other conduct prohibited by NRS 484C.110, 
484C.120, 484C.130 or 484C.430.

person to be tested.
4. Any person who is afflicted with hemophilia or with a heart 
condition requiring the use of an anticoagulant as determined by a 
physician, a physician assistant or an advanced practice registered 
nurse is exempt from any blood test which may be required pursuant 
to this section but must, when appropriate pursuant to the provisions 
of this section, be required to submit to a breath or urine test.
5. If the concentration of alcohol in the blood or breath of the 
person to be tested is in issue:
  (a) Except as otherwise provided in this section, the person may 
refuse to submit to a blood test if means are reasonably available to 
perform a breath test.
  (b) The person may request a blood test, but if means are 
reasonably available to perform a breath test when the blood test is 
requested, and the person is subsequently convicted, the person must 
pay for the cost of the blood test, including the fees and expenses of 
Witnesses whose testimony in court or an administrative hearing is 
necessary because of the use of the blood test. The expenses of such 
Witness may be assessed at an hourly rate of not less than:
    (1) Fifty dollars for travel to and from the place of the 
proceeding; and
    (2) One hundred dollars for giving or waiting to give 
testimony.
  (c) Except as otherwise provided in NRS 484C.200, not more 
than three samples of the person’s blood or breath may be taken
during the 5-hour period immediately following the time of the
initial arrest.
6. Except as otherwise provided in subsection 7, if the presence
of a controlled substance, chemical, poison, organic solvent or
another prohibited substance in the blood or urine of the person is in
issue, the officer may request that the person submit to a blood or
urine test, or both.
7. If the presence of marijuana in the blood of the person is in
issue, the officer may request that the person submit to a blood test.
8. Except as otherwise provided in subsections 4 and 6, a
police officer shall not request that a person submit to a urine test.
9. If a person to be tested fails to submit to a required test as
requested by a police officer pursuant to this section and the officer
has reasonable grounds to believe that the person to be tested was:
   (a) Driving or in actual physical control of a vehicle while under
   the influence of intoxicating liquor or a controlled substance or with
   a prohibited substance in his or her blood or urine; or
   (b) Engaging in any other conduct prohibited by NRS 484C.110,
   484C.120, 484C.130 or 484C.430,
   the officer may apply for a warrant or court order directing that
   reasonable force be used to the extent necessary to obtain samples of
   blood from the person to be tested.
10. If a person who is less than 18 years of age is requested to
submit to an evidentiary test pursuant to this section, the officer
shall, before testing the person, make a reasonable attempt to notify
the parent, guardian or custodian of the person, if known.

Sec. 180. NRS 484C.210 is hereby amended to read as
follows:
484C.210 1. If a person fails to submit to an evidentiary test
as requested by a police officer pursuant to NRS 484C.160, the
license, permit or privilege to drive of the person must be revoked as
provided in NRS 484C.220, and the person is not eligible for a
license, permit or privilege to drive for a period of:
   (a) One year; or
   (b) Three years, if the license, permit or privilege to drive of the
person has been revoked during the immediately preceding 7 years
for failure to submit to an evidentiary test.
2. If the result of a test given under NRS 484C.150 or
484C.160 shows that a person had a concentration of alcohol of 0.08
or more in his or her blood or breath or a detectable amount of a
controlled substance or prohibited substance in his or her blood or
urine for which he or she did not have a valid prescription, as
defined in NRS 453.128, or hold a valid registry identification card,
as defined in NRS 678C.080, at the time of the test, the license,
permit or privilege of the person to drive must be revoked as
provided in NRS 484C.220 and the person is not eligible for a license, permit or privilege for a period of 185 days.

3. At any time while a person is not eligible for a license, permit or privilege to drive following a revocation under subsection 1 or 2, the person shall install, at his or her own expense, an ignition interlock device in any motor vehicle which the person operates as a condition to obtaining an ignition interlock privilege pursuant to NRS 483.490.

4. The Department may provide for an exception to the requirements of subsection 3 and issue a restricted license pursuant to subsection 1 of NRS 483.490 if the Department determines that the person is not a repeat intoxicated driver, as that term is defined in 23 C.F.R. § 1275.3(k), and:

   (b) The person resides more than 100 miles from a manufacturer of an ignition interlock device or its agent.

5. If a revocation of a person’s license, permit or privilege to drive under NRS 62E.640 or 483.460 follows a revocation under subsection 2 which was based on the person having a concentration of alcohol of 0.08 or more in his or her blood or breath, the Department shall cancel the revocation under that subsection and give the person credit for any period during which the person was not eligible for a license, permit or privilege.

6. If an order to install an ignition interlock device pursuant to NRS 62E.640 or 484C.460 follows the installation of an ignition interlock device pursuant to subsection 3, the court shall give the person day-for-day credit for any period during which the person can provide proof satisfactory to the court that he or she had an ignition interlock device installed as a condition to obtaining an ignition interlock privilege.

7. Periods of ineligibility for a license, permit or privilege to drive which are imposed pursuant to this section must run consecutively.

   (b) A physician or physician assistant who is certified to make such an evaluation by the Board of Medical Examiners;
   (c) An advanced practice registered nurse who is certified to make such an evaluation by the State Board of Nursing; or
   (d) A psychologist who is certified to make such an evaluation by the Board of Psychological Examiners.

3. The alcohol and drug counselor, clinical alcohol and drug counselor, physician, physician assistant, advanced practice registered nurse or psychologist who conducts the evaluation shall immediately forward the results of the evaluation to the Director of the Department of Corrections or, if the offender is assigned to any specialty court or diversionary program, to the court having jurisdiction over the offender.

Sec. 182. NRS 484C.320 is hereby amended to read as follows:

484C.320 1. An offender who is found guilty of a violation of NRS 484C.110 or 484C.120 that is punishable pursuant to paragraph (a) of subsection 1 of NRS 484C.400, other than an offender who is found to have a concentration of alcohol of 0.18 or more in his or her blood or breath, may, at that time or any time before the offender is sentenced, apply to the court to undergo a program of treatment for an alcohol or other substance use disorder for at least 6 months. 9. Except as otherwise provided in this subsection, a person who intentionally removes or disables or attempts to remove or disable an electronic monitoring device placed on an offender pursuant to this section is guilty of a gross misdemeanor. The offender shall ensure that the results of the evaluation and the recommendation concerning the length and type of treatment for the offender are reported to the court.

6. The evaluation of an offender who resides in this State may, upon approval of the court, be conducted in another state by a physician, physician assistant, advanced practice registered nurse or other person who is authorized by the appropriate governmental agency in that state to conduct such an evaluation if the location of the physician, physician assistant, advanced practice registered nurse or other person in the other state is closer to the residence of the offender than the nearest location in this State at which an evaluation may be conducted. The offender shall ensure that the results of the evaluation and the recommendation concerning the
length and type of treatment for the offender are reported to the
court.
7. An offender who is evaluated pursuant to this section shall
pay the cost of the evaluation. An evaluation center or a person who
conducts an evaluation in this State outside an evaluation center
shall not charge an offender more than $100 for the evaluation.
Sec. 186. NRS 484C.460 is hereby amended to read as
follows:
484C.460 1. Except as otherwise provided in subsections 2
and 5, a court shall order a person to install, at his or her own
expense, an ignition interlock device in any motor vehicle which the
person operates as a condition to obtaining an ignition interlock
privilege pursuant to NRS 483.490 to reinstate the driving privilege
of the person:
(a) For a period of 185 days if the person is convicted of a first
violation within 7 years of NRS 484C.110.
(b) For a period of 1 year if the person is convicted of a second
violation within 7 years of NRS 484C.110.
(c) For a period of 3 years if the person is convicted of:

2. A court may provide for an exception to the provisions of
subsection 1 for a person who is convicted of a violation of NRS
484C.110 that is punishable pursuant to paragraph (a) of subsection
1 of NRS 484C.400, if the court determines that:

for analysis by an ignition interlock device, as certified in writing by
a physician, a physician assistant or an advanced practice
registered nurse of the person; or
(b) The person resides more than 100 miles from a manufacturer

incorporated into the records of the Department and noted on the
person’s ignition interlock privilege.

5. If a person is required to operate a motor vehicle in the course and scope of his or her employment and the motor vehicle is owned by the person’s employer, the person may operate that vehicle without the installation of an ignition interlock device, if:
   (a) The employee notifies his or her employer that the employee has been issued an ignition interlock privilege; and

This exemption does not apply to a motor vehicle owned by a business which is all or partly owned or controlled by the person otherwise subject to this section.

with safety belts;
(c) To an employee of the United States Postal Service while
delivering mail in the rural areas of this State;
(d) If the vehicle is stopping frequently, the speed of that vehicle
does not exceed 15 miles per hour between stops and the driver or

from the vehicle; or
(e) Except as otherwise provided in NRS 484D.500, to a
passenger riding in a means of public transportation, including a

Sec. 192. NRS 689A.04041 is hereby amended to read as follows:

689A.04041 1. An insurer that offers or issues a policy of health insurance which provides coverage of a prescription drug for the treatment of cancer or any symptom of cancer that is part of a step therapy protocol shall allow an insured who has been diagnosed with stage 3 or 4 cancer or the attending practitioner of the insured to apply for an exemption from the step therapy protocol. The application process for such an exemption must:
   (a) Allow the insured or attending practitioner, or a designated advocate for the insured or attending practitioner, to present to the insurer the clinical rationale for the exemption and any relevant medical information.
Clearly prescribe the information and supporting documentation that must be submitted with the application, the criteria that will be used to evaluate the request and the conditions under which an expedited determination pursuant to subsection 4 is warranted.

(c) Require the review of each application by at least one physician, physician assistant, registered nurse or pharmacist.

2. The information and supporting documentation required pursuant to paragraph (b) of subsection 1:
   (a) May include, without limitation:
      (1) The medical history or other health records of the insured demonstrating that the insured has:
         (I) Tried other drugs included in the pharmacological class of drugs for which the exemption is requested without success; or
         (II) Taken the requested drug for a clinically appropriate amount of time to establish stability in relation to the cancer and the guidelines of the prescribing practitioner; and
      (2) Any other relevant clinical information.
   (b) Must not include any information or supporting documentation that is not necessary to make a determination about the application.

3. Except as otherwise provided in subsection 4, an insurer that receives an application for an exemption pursuant to subsection 1 shall:
   (a) Make a determination concerning the application if the application is complete or request additional information or documentation necessary to complete the application not later than 72 hours after receiving the application; and
   (b) If it requests additional information or documentation, make a determination concerning the application not later than 72 hours after receiving the requested information or documentation.

4. If, in the opinion of the attending practitioner, a step therapy protocol may seriously jeopardize the life or health of the insured, an insurer that receives an application for an exemption pursuant to subsection 1 must make a determination concerning the application as expeditiously as necessary to avoid serious jeopardy to the life or health of the insured.

5. An insurer shall disclose to the insured or attending practitioner who submits an application for an exemption from a step therapy protocol pursuant to subsection 1 the qualifications of each person who will review the application.

6. An insurer must grant an exemption from a step therapy protocol in response to an application submitted pursuant to subsection 1 if:
(a) Any treatment otherwise required under the step therapy or any drug in the same pharmacological class or having the same mechanism of action as the drug for which the exemption is requested has not been effective at treating the cancer or symptom of the insured when prescribed in accordance with clinical indications, clinical guidelines or other peer-reviewed evidence;
(b) Delay of effective treatment would have severe or irreversible consequences for the insured and the treatment otherwise required under the step therapy is not reasonably expected to be effective based on the physical or mental characteristics of the insured and the known characteristics of the treatment;
(c) Each treatment otherwise required under the step therapy:
   (1) Is contraindicated for the insured or has caused or is likely, based on peer-reviewed clinical evidence, to cause an adverse reaction or other physical harm to the insured; or
   (2) Has prevented or is likely to prevent the insured from performing the responsibilities of his or her occupation or engaging in activities of daily living, as defined in 42 C.F.R. § 441.505;

(e) Any other condition for which such an exemption is required by regulation of the Commissioner is met.
7. If an insurer approves an application for an exemption from a step therapy protocol pursuant to this section, the insurer must cover the prescription drug to which the exemption applies in accordance with the terms of the applicable policy of health insurance. The insurer may initially limit the coverage to a 1-week supply of the drug for which the exemption is granted. If the attending practitioner determines after 1 week that the drug is effective at treating the cancer or symptom for which it was prescribed, the insurer must continue to cover the drug for as long as it is necessary to treat the insured for the cancer or symptom. The insurer may conduct a review not more frequently than once each quarter to determine, in accordance with available medical evidence, whether the drug remains necessary to treat the insured for the cancer or symptom. The insurer shall provide a report of the review to the insured.
8. An insurer shall post in an easily accessible location on an Internet website maintained by the insurer a form for requesting an exemption pursuant to this section.
9. A policy of health insurance subject to the provisions of this chapter that is delivered, issued for delivery or renewed on or after January 1, 2022, has the legal effect of including the coverage

If, in the opinion of the attending practitioner, a step therapy protocol may seriously jeopardize the life or health of the insured, an insurer that receives an application for an exemption pursuant to subsection 1 must make a determination concerning the application as expeditiously as necessary to avoid serious jeopardy to the life or health of the insured.

5. An insurer shall disclose to the insured or attending practitioner who submits an application for an exemption from a step therapy protocol pursuant to subsection 1 the qualifications of each person who will review the application.

6. An insurer must grant an exemption from a step therapy protocol in response to an application submitted pursuant to subsection 1 if:

(a) Any treatment otherwise required under the step therapy or any drug in the same pharmacological class or having the same mechanism of action as the drug for which the exemption is requested has not been effective at treating the cancer or symptom of the insured when prescribed in accordance with clinical indications, clinical guidelines or other peer-reviewed evidence;

(b) Delay of effective treatment would have severe or irreversible consequences for the insured and the treatment otherwise required under the step therapy is not reasonably expected to be effective based on the physical or mental characteristics of the insured and the known characteristics of the treatment;

(c) Each treatment otherwise required under the step therapy:

(1) Is contraindicated for the insured or has caused or is likely, based on peer-reviewed clinical evidence, to cause an adverse reaction or other physical harm to the insured; or

(2) Has prevented or is likely to prevent the insured from performing the responsibilities of his or her occupation or engaging in activities of daily living, as defined in 42 C.F.R. § 441.505;

(d) The condition of the insured is stable while being treated with the prescription drug for which the exemption is requested and the insured has previously received approval for coverage of that drug; or

(e) Any other condition for which such an exemption is required by regulation of the Commissioner is met.
If an insurer approves an application for an exemption from a step therapy protocol pursuant to this section, the insurer must cover the prescription drug to which the exemption applies in accordance with the terms of the applicable policy of group health insurance. The insurer may initially limit the coverage to a 1-week supply of the drug for which the exemption is granted. If the attending practitioner determines after 1 week that the drug is effective at treating the cancer or symptom for which it was prescribed, the insurer must continue to cover the drug for as long as it is necessary to treat the insured for the cancer or symptom. The insurer may conduct a review not more frequently than once each quarter to determine, in accordance with available medical evidence, whether the drug remains necessary to treat the insured for the cancer or symptom. The insurer shall provide a report of the review to the insured.

An insurer shall post in an easily accessible location on an Internet website maintained by the insurer a form for requesting an exemption pursuant to this section.
