An act to add and repeal Sections 17132.9 and 17132.10 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

LEGISLATIVE COUNSEL'S DIGEST

SB 1, as amended, Seyarto. Personal income taxes: exclusion: Military Services Retirement and Surviving Spouse Benefit Payment Act.

The Personal Income Tax Law imposes a tax on individual taxpayers measured by the taxpayer's taxable income for the taxable year, but excludes certain items of income from the computation of tax. Law, in conformity with federal income tax laws, defines "gross income" as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income, including an exclusion for combat-related special compensation.

This bill, for taxable years beginning on or after January 1, 2024, 2025, and before January 1, 2034, 2035, would exclude from gross income retirement pay received by a taxpayer qualified taxpayer, as defined, during the taxable year, not to exceed \$20,000, from the federal government for service performed in the uniformed services, as defined, during the taxable year. defined. The bill, for taxable years beginning on or after January 1, 2024, 2025, and before January 1, 2034, 2035, would also exclude from gross income annuity payments received by

a qualified taxpayer, as defined, *during the taxable year, not to exceed \$20,000*, pursuant to a United States Department of Defense Survivor Benefit Plan ~~during the taxable year. Plan.~~ The bill would make related findings and declarations.

Existing law requires any bill authorizing a new tax expenditure to contain, among other things, specific goals, purposes, and objectives that the tax expenditure will achieve, detailed performance indicators, and data collection requirements.

This bill also would include additional information required for any bill authorizing a new tax expenditure. ~~The bill would require the Franchise Tax Board and the Department of Veterans Affairs to provide any data requested by the Legislative Analyst to write the report, as provided, and would make taxpayer information received by the Legislative Analyst subject to limitation on the collection and use of that information. By expanding the scope of a crime, this bill would impose a state-mandated local program.~~

~~The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that no reimbursement is required by this act for a specified reason.~~

This bill would take effect immediately as a tax levy.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: ~~yes~~-no.

The people of the State of California do enact as follows:

- 1 SECTION 1. This measure shall be known, and may be cited,
- 2 as the Military Services Retirement and Surviving Spouse Benefit
- 3 Payment Act.
- 4 SEC. 2. The Legislature finds and declares all of the following:
- 5 (a) Servicemembers are eligible to retire from the military after
- 6 20 years of service. These retirees devoted the prime years of their
- 7 life to defending the freedom of all Americans.
- 8 (b) To preserve the current policy of an all-volunteer force while
- 9 still maintaining critical skills and readiness requires the retention
- 10 of qualified military personnel, both enlisted and officers. This
- 11 retention of military professionals also saves the costs to the
- 12 taxpayer associated with training replacement personnel in essential
- 13 skills.

(c) Retired members of the nation's two nonarmed uniformed services, which consist of the commissioned corps of the United States Public Health Service and the National Oceanic and Atmospheric Administration Commissioned Officer Corps, also provide valuable service to the nation's health and environmental safety.

(d) Providing a state income tax exclusion to retirees of the uniformed services not only signifies the gratitude of Californians for these men and women who chose to serve our country, it also benefits the state and local economies by helping to retain skilled and motivated individuals in California.

(e) The number one issue for employers in California is attracting a qualified workforce. Approximately 60,000 high-tech jobs are unfilled. Uniformed service retirees are highly skilled, often in areas requiring technical and management expertise. These men and women often continue to be valuable assets to our schools, local charities, and nonprofit organizations.

(f) Substantial new federal funds are infused into the state and local economies not only from retirement pay, but also from the full taxation of their second careers. These retirees may also qualify for federal veterans' benefits, which further bring new ~~monies~~ *moneys* into the state.

(g) The United States Department of Defense's Survivor Benefit Plan allows a retiree to ensure, after death, a continuous lifetime annuity for their dependents. The maximum annuity for a spouse is based on 55 percent of the member's retirement pay. Eligible children may also be beneficiaries. State income taxation of these funds, which are critical to the economic well-being of those who have suffered the loss of a husband, wife, father, or mother, can place the surviving family members in risk of falling into the state and local safety nets.
