A. Every insurer, fraternal benefit society, multiple employer welfare arrangement, health maintenance organization or nonprofit health care plan that provides primary health insurance or health care coverage insuring or covering major medical expenses shall, in determining the initial year's premium charged for an individual, use only the rating factors of age, geographic area of the place of employment and smoking practices, except that for individual policies the rating factor of the individual's place of
residence may be used instead of the geographic area of the individual's place of employment.

B. Separately for an insurer's individual and group policies, no person's rate shall exceed the rate of any other person with similar family composition by more than two hundred fifty percent of the lower rate, except that the rates for children under nineteen years of age or children nineteen to twenty-five years of age who are full-time students may have rates that are lower than the bottom rates in the two hundred fifty percent band. The rating factor restrictions shall not prohibit an insurer, multiple employer welfare arrangement, fraternal benefit society, health maintenance organization or nonprofit health care plan from offering rates that differ depending upon family composition. For the purposes of this subsection, "family composition" refers only to whether coverage covers an individual or a family.

C. The provisions of this section do not preclude an insurer, multiple employer welfare arrangement, fraternal benefit society, health maintenance organization or nonprofit health care plan from using health status or occupational or industry classification in establishing the amount a large group health benefits plan may be charged for coverage.

D. As used in Subsection C of this section, "health status" does not include genetic information.
E. The superintendent shall adopt regulations to
implement the provisions of this section."

Where a continuation of coverage or conversion is made in the name of the spouse of the named insured or the spouse of the employee or member of the group insured, such coverage may, at the option of the spouse, include coverage for dependent children for whom the spouse has responsibility for care and support;

B. the right to a continuation of coverage or conversion pursuant to this section shall not exist with respect to any member or employee of the group insured or any covered family member in the event the coverage terminates for nonpayment of premium, nonrenewal of the policy or the expiration of the term for which the policy is issued. With respect to any member or employee of the group insured or any covered family member who is eligible for medicare or any other similar federal or state health insurance program, the right to a continuation of coverage or conversion shall be limited to coverage under a medicare supplement insurance policy as defined by the rules and regulations adopted by the

employee's or member's change of status and last known

I. any probationary or waiting period set forth in the converted or separate policy is deemed to commence on the effective date of the applicant's coverage under the original policy."

SECTION 3. Section 59A-18-16.2 NMSA 1978 (being Laws 2011, Chapter 144, Section 12) is amended to read:

"59A-18-16.2. HEALTH INSURANCE OR HEALTH PLAN FORM AND RATE FILINGS--SUPERINTENDENT--RULEMAKING--COMPLIANCE WITH FEDERAL LAW.--

A. A small group health plan and a health insurance issuer or multiple employer welfare arrangement offering a small group or individual health insurance plan that provides benefits other than excepted benefits shall:

(1) provide the essential health benefits defined by the superintendent under Subsection B of this section;

(2) limit cost sharing for such coverage in accordance with Subsection D of this section; and

(3) provide coverage without cost sharing for preventive benefits in accordance with Subsection E of this section.
B. The superintendent shall define by rule the essential health benefits package to include at least the following general categories and the items and services covered within the categories:

2. emergency services;
3. hospitalization;
4. maternity and newborn care;

8. laboratory services;
9. preventive and wellness services and chronic disease management; and
10. pediatric services, including oral and vision care.

C. In defining the essential health benefits pursuant to Subsection B of this section, the superintendent shall:

1. ensure that such essential health benefits reflect an appropriate balance among the categories described in that subsection, so that benefits are not unduly weighted toward any category;
(2) not make coverage decisions, determine reimbursement rates, establish incentive programs or design benefits in ways that discriminate against individuals because of their age, disability or expected length of life;

(3) take into account the health care needs of diverse segments of the population, including women, children, persons with disabilities and other groups;

(4) ensure that health benefits established as essential not be subject to denial to individuals against their wishes on the basis of the individual's age or expected length of life or of the individual's present or predicted disability, degree of medical dependency or quality of life;

(5) provide that if a plan is offered through the New Mexico health insurance exchange, another health insurance plan offered through the New Mexico health insurance exchange shall not fail to be treated as a qualified health plan solely because the plan does not offer coverage of benefits offered through the standalone plan that are otherwise required; and

(6) periodically update the essential health benefits under Subsection B of this section to address any gaps in access to coverage or changes in the evidence base identified by the superintendent.

D. A group health plan and a health insurance issuer offering a group or individual health insurance plan
shall not establish a restricted lifetime or annual limit on
the dollar value of benefits for any participant or
beneficiary with respect to benefits that are essential
health benefits, as determined by the superintendent. The
provisions of this subsection shall not be construed to
prevent a group health plan or health insurance plan from
placing annual or lifetime per-beneficiary limits on specific
covered benefits that are not essential health benefits, to
the extent that these limits are otherwise permitted under
federal or state law.

E. The superintendent shall adopt and promulgate
rules specifying the maximum cost-sharing amounts for which
an insured may be held liable for payment of covered benefits
under any health insurance plan that provides benefits other
than excepted benefits, including deductibles, coinsurance,

H. The provisions of Subsection G of this section
shall not be construed to prohibit a health insurance plan or health insurance issuer from providing coverage for services in addition to those recommended by the United States preventive services task force or to deny coverage for services that are not described in this section. The superintendent shall establish by rule a minimum interval between the date on which a recommendation described in Paragraphs (1) and (2) of Subsection G of this section or a guideline under Paragraph (3) of Subsection G of this section is issued and the plan year with respect to which the requirement described in Subsection G of this section is effective with respect to the service described in such recommendation or guideline; provided that the interval shall not be less than one year from the date the federal recommendation or guideline is published.

I. If a health insurance plan is offered as a qualified health plan through the New Mexico health insurance exchange, the insurer offering the qualified health plan shall also offer that plan through the health insurance exchange as a plan that restricts enrollment to individuals who, as of the beginning of a plan year, have not attained the age of twenty-one years.

J. The superintendent shall adopt rules:

(1) to define terms used regarding forms, rates, reviews and blocks of business that an insurer or
health care plan submits in filing matters;

(2) to govern any additional filing requirements the superintendent deems appropriate;

(3) to provide notice of hearings and the grounds on which the hearings have been requested;

(4) to meet criteria for review in accordance with federal law; and

(5) that the superintendent deems appropriate to carry out the provisions of Chapter 59A, Article 18 NMSA 1978.

K. Except as provided by state or federal rule or law, nothing in this section shall be construed to prohibit a health insurance carrier from appropriately using reasonable health care cost management techniques.

(1) coverage-only accident or disability income insurance;

(2) coverage issued as a supplement to liability insurance;

B. Separately for an insurer's individual and
