- New 14" (36 cm) Width
- Rust-Free
- Easy to Clean

## Shelf Extenders

- Utilizes Wall Space
- Simple to Install
- Use Alone or with Wall Shelves

# Rust-Free for Warewashing Areas

## Wall Shelves

Camshelving® Wall Shelves are strong, durable and stable. New 14" (36 cm) deep shelves feature virtually indestructible I-beam supports. Polypropylene material will not rust, corrode or dent. Shelves quickly wipe clean and easily snap on and off for dishwasher or steam cleaning.

Choose from solid or vented designs and 36" or 48" (91 & 122 cm) lengths. Wall Shelves ship in a single carton with all necessary hardware.

All shelves feature:

- 2" (5 cm) backsplash and marine front edge to control spills and cross contamination.
- Unique snap fit rail design for easy installation into wall studs.
- Strength to hold up to 150 lbs. (68 kg).
- Polypropylene construction to withstand temperatures up to 190°F (88°C).

Vented Wall Shelf

Shelf Extender

## Shelf Extenders

The StoreSafe® Shelf Extenders convert empty wall space into a functional storage area. Shelf extenders can be used with or without wall shelves. Design a custom storage station by installing several extenders together on a wall.

Extenders are simple to install and easy to clean. They attach directly to the wall and the peg strips simply slide in and out of the extenders. Peg strips are easily removed for dishwasher or steam cleaning.

Extenders are designed to withstand extreme temperatures up to 190°F (88°C) and will not rust, making them ideal for hanging utensils and pans in warewashing areas.

Each shelf extender ships in one carton with all necessary hardware including:

### 36" (91cm) Shelf Extender

Three peg strips, two brackets and six hooks.

### 48" (122 cm) Shelf Extender

Three peg strips, three brackets and nine hooks.

For more information about Cambro products, contact your Distributor, Cambro Sales Representative or the Cambro Customer Service Department.

## Camwear® CamSquares®

Clear polycarbonate is virtually unbreakable and contents are clearly visible without removing lids. Lids match graduation colors to ensure the right fit in a snap.

## Camshelving®

Revolutionary shelving system that is easy to clean and is rust-free. Ideal for walk-in refrigerators and freezers because it withstands temperatures as cold as -36°F (-38°C). Easy to adjust & assemble.

## S-Series Dunnage Racks

Keep frozen, cold or dry inventory 12" (30 cm) safely off the floor. Made of heavy-duty polypropylene, they will not rust, corrode or bend and are easy to clean. Available in solid or slotted.
