DURABILITY THAT MAKES A DIFFERENCE®

Lugano™ Tongs

Easy-Grasp and Angled

These tongs bring a European style and utility. The Angled Tongs have an ergonomic shape that makes it easy to serve salads, pasta and other items. The Easy-Grasp Tongs combine a fork and spoon for a secure grip on a variety of products.

The solid color tongs are made from an extremely tough, heat resistant material that will withstand temperatures up to 300°F (149°C). They can be used for cold or hot service - even for serving from steam tables. Lugano Tongs are so durable that they are backed with a TWO YEAR warranty.

The clear Lugano Tongs are made of durable polycarbonate with a temperature range of -40°F to 210°F (-40°C to 99°C).

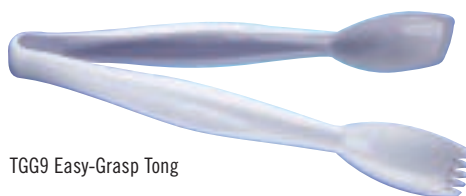

- Smooth, One-Piece Shape is Easy to Clean.
- Springless Design.
- Commercial Dishwasher Safe.

Camwear® Serving Spoons

Made of virtually unbreakable polycarbonate, they won't tarnish, bend or dent. Available in a variety of shapes and sizes as well as solid and perforated. Thumb rest offers a firm, comfortable grip.

Food Bars

Cambro food bars can go anywhere to add menu and serving options. Foam insulation helps to maintain food temperatures. Ultra Bars offer additional storage area. Floor Models, Children's Food Bars and Table Top Bars are also available. Choose from a variety of lengths and a multitude of colors.

ColdFest® Food Pans

Keep food chilled at or below HACCP guidelines without the use of messy ice. Simply freeze ColdFest for eight hours and add pre-chilled products. Will hold contents for 6 to 8 hours.
