

650 WATT UNDER COUNTER-TOP INCOGNEETO™ INDUCTION BUFFET

B651-U, B652-U

650 WATT UNDER COUNTER-TOP INCOGNEETO™ INDUCTION BUFFET B651-U, B652-U

Product Name	650 Watt Under Counter-Top Incogneeto™ Induction Buffet	Quantity		Item #	
--------------	---	----------	--	--------	--

Magneeto 2 pictured -
one included with
purchase of each unit

Note: Induction buffet
units require the use of
induction compatible (i.e.
magnetic) cookware.

Standard Features

- Under counter-top design, aluminum housing, heavy duty energy efficient electronics, and polycarbonate top
- Mounts to underside of counter-top on fixed position track system - 18.4" (468mm) supplied. Additional 4' (1.2m) lengths of track available as an accessory to allow for re-positioning of the units under counter
- Units require CookTek Magneeto™ 2 trivet (patent pending) - included with each unit - and standard induction compatible chafing dishes. Magneeto™ 2 acts as a temperature sensor, communicator, and locator device which allows heating of induction compatible dishes through standard counter-top
- Units compatible with 3/4" or 1 1/4" (20 or 30mm) thick standard granite countertops - call or see website for additional approved materials
- Temperature selected via control panel, or Magneeto™ 2 can be programmed via keypad to preset a temperature for automatic control
- Automatic pan detection allows for instant energy transmission to pan, and almost no energy consumption when pan is not present
- Maximum temperature limit prevents damage to chafing dishes, keeps food in the "safe zone," and keeps operations within ventilation code
- Standard Cat 5e or Cat 6 patch cable from unit to control box is included (MUST BE SHIELDED).
- Lock feature prevents unwanted setting changes
- Red LED display for precise user feedback and control

- Available in 650 watts (100-120VAC - three units per 15 amp circuit, four per 20 amp circuit) and 650 watts (200-240VAC - five units per 15 amp circuit)
- Three year limited warranty
- Made in the USA*

Specifications

Shall be a CookTek under counter-top induction buffet unit, model _____ with a total kW rating of 0.65 kW.

Unit shall be manufactured in the United States and constructed of an aluminum housing and polycarbonate top.

Unit shall be built with an auto shut-off feature to prevent overheating, offer self-diagnostics, and have a pan-maximizer feature to ensure maximum heating of any induction compatible pan.

Unit shall operate on _____ power with integral _____ cord and plug (supplied).

NOTE: When mounting, the TOTAL DISTANCE from the top of the unit to the top of the countertop must be 1.57" (40mm)

*of USA and imported parts
