

TROPEZ® HIGH HEAT TRAYTOP WARE

High heat products for convection rethermalization and cook/chill systems.

Tropez 5 oz. Bowl and
7-3/4" Dome

Application

Dinex® introduces an exciting new line of high temperature non-insulated ware for patient and resident meal service. Made specifically for convection rethermalization and cook/chill systems. Tropez® is uniquely designed to meet the space requirements on special convection rethermalization trays, while offering contemporary styling for upscale tray presentation. Not intended for use in microwave or conventional ovens.

Material

Tropez® ware is constructed of special high heat resin to ensure safe and efficient rethermalization. The upscale styling enhances meal presentation. Available in 8 oz. cup, 9 oz. bowl, 9-1/2" entrée dome, and introducing the 5 oz. bowl and 7-3/4" entrée dome - all in attractive colors that coordinate with other Dinex® traytop products. Snug-fitting high-temp lids are available for cups and bowls. Latex free construction.

Washing Instructions

Cup: Weekly, soaking 6-8 hours. Wash in commercial dishmachine. Do NOT use bleach.

Bowls: Weekly, soaking 2-4 hours. Wash in commercial dishmachine. Do NOT use bleach.

Domes: As needed, soaking 6-8 hours. Wash in commercial dishmachine. Do NOT use bleach.

High Heat Lids

High temperature disposable lids are an important element of Tropez® Rethermalization products.

Item Numbers

Tropez® 8 oz. Cup

- DX9000B03 - Onyx
