

MILK & ICE CREAM COUNTERS

DineXpress®

Application

These DineX® Cold Food Counters will help you present your food. The versatile modular design allows you to custom design either a cafeteria or a buffet unit to fit your line-up choosing only the options and accessories that you want and need. DineXpress units are compatible and will interlock with other DineXpress units.

Construction

General: Units have a 16-gauge 300 series stainless steel top with 1-1/2" turn down on all sides. Front and end panels are constructed of 18-gauge stainless steel. The corner posts are constructed of 14-gauge stainless steel. The refrigerator and freezer compartments are 18-gauge stainless and features seamless copper tubing bonded to the outside surface of the inner wall for maximum cooling. 1/2 inch diameter stainless drain has removable plug. Compartments are watertight and separated from the top by means of full perimeter plastic breaker strip.

Lids: All models are furnished with removable stainless steel lids with the bi-fold hinged design

Self-leveling Platform: All models are equipped with a 20" x 20" stainless steel self-leveling dispensing platform.

Casters: The unit is mounted on 5" diameter, heavy duty, non-marking swivel casters, 2 are fitted with brakes.

Refrigeration System: The refrigeration system includes a 1/3 condensing unit. The refrigerant is type 134A. This design assures that food temperatures are always at the safe level.

Electrical: 120 volt, 1-phase with a 10' cord and NEMA 5-15P plug

Item Numbers

- ☐ DXDMC
- ☐ DXDICF
