

MOBILE RACK DISPENSERS ENCLOSED

Item Numbers

☐ DXIDRE1020

☐ DXIDRE2020

Application

This self-leveling enclosed style rack dispensers can be found in tray lines, or any place your needs require.

Construction

All-welded stainless steel construction and accepts racks on a stainless steel spring-loaded, self-leveling carriage. Carriage features banks of tension springs on two sides. Spring tension for carriage are field adjustable without tools by hooking or unhooking springs to or from the carriage, providing proper dispensing level.

Carriage also features sets of nylon roller guides on all four corners to provide smooth leveling movement inside the unit frame. Side panels are made of 20-gauge stainless steel. Top flange is 14-gauge stainless steel and has a perimeter bumper. Units have on four 5" extra-load casters (two with brakes).

Warranty

One year parts and labor.
