

The East Jerusalem Employment Development Program offers to connect potential employers with high-quality personnel from East Jerusalem who have relevant training and are interested in integrating into the job market in their field.

JOIN US IN BUILDING EAST JERUSALEM HI-TECH

What is happening in the field?

- ▶ 1,000 candidates with academic degrees of technological fields and are looking to integrate into the job market
- ▶ Specialized free internship programs that let companies integrate staff members for six months at no cost and without using employee-employer connections
- ▶ Support tracks to help cover employee wages

What are the benefits for employers?

Joining the program will provide employers with comprehensive support:

- ▶ High-quality personnel who have been screened, hired, and trained
- ▶ Offices and workstations at no cost
- ▶ Long-term assistance, guidance, and solutions tailored to employers' needs
- ▶ Connections to grants, individually adapted guidance

HOW CAN YOU CONTRIBUTE TO MAKING THIS TRANSFORMATION HAPPEN?

- 👍 Opening junior positions for candidates
- 👍 Enabling the participation of employees in simulations of HR and technology interviews
- 👍 Lecturing on professional content
- 👍 Hosting study tours
- 👍 Professional mentoring
- 👍 Taking part in think-tanks regarding leading change
