Change Log

Date	Change Description
July 26, 2017	Initial release.

Introduction

This document provides the following information for FortiPlanner version 2.6.1 (build 0377):

- [What's new in FortiPlanner](#)
- [Upgrade and Installation Information](#)
- [Resolved Issues](#)
- [Known Issues](#)

What's new in FortiPlanner 2.6.1

The following is a list of new features and enhancements in FortiPlanner version 2.6.1:

- Added a new feature to 'Export' the project plan in JSON format.
- Added two new APs: FAP-U321EV and FAP-U323EV.

Upgrade and Installation Information

Upgrading from an earlier version of FortiPlanner

Install FortiPlanner 2.6.1. Optionally, you can uninstall earlier versions of FortiPlanner using Windows Settings or Control Panel.

Firmware image checksums

The MD5 checksums for all Fortinet software and firmware releases are available at the Customer Service & Support portal, <https://support.fortinet.com>. After logging in select *Download > Firmware Image Checksums*, enter the image file name including the extension, and select *Get Checksum Code*.

Software requirements

FortiPlanner version 2.6.1 is compatible with Microsoft Windows XP/7/8/10 operating systems. FortiPlanner installs these software components automatically if they are not already present on your system:

- Microsoft .NET Framework 4.5.1
- SQL Server Compact 3.5 SP2
- Visual C++ Redistributable for Visual Studio 2013 x86
- Visual C++ 2010 SP1 x86

For optimal performance, install FortiPlanner on a Windows 7/10 64bit operating system with at least 8GB of RAM and multiple CPU cores.

Installation

Extract the FortiPlanner zip file to a folder and execute setup.exe.

Resolved Issues

The following issues were resolved in FortiPlanner version 2.6.1.

Bug ID	Description
	Fixed the issue related to not saving the AP Orientation.
	Fixed the issue related to index out of the range, exception, coming in case of propagation analysis.
	Fixed the issue related to FortiPlanner freezing when trying to add live APs.

Known Issues

There are no known issues identified in FortiPlanner version 2.6.1.

High Performance Network Security
