# Foursquare Disaster Relief

- **66 disasters** responded to in 2024. (Map shows 2024 FDR responses.)

- **40** nations served (**20** United States responses in **13** states)
- Severe flooding and flash floods accounted for **22.73%** (15 of 66) of disaster relief efforts impacting several FMI Regions and National Foursquare movements.
- Storms such as Hurricane Beryl, Hurricane Helene + Milton, and Typhoon Yagi each displaced hundreds of thousands of people and account for **18.18%** (12 of 66) FDR responses.

## FDR Medical Programs

- **830** Patients treated in Cambodia and Jamaica through medical training clinics and emergency medical team deployments.

## Overall Impact

Because we empower local churches to respond during and after disasters, our data is typically a conservative underestimation of the overall impact across responses. Meals served, supplies given, and lives touched by the ministry of churches who respond is often much more profound than numbers can reflect. The lasting ripple effects continue for many months and years after reporting for a disaster has closed.

In 2024:

- People served: **136,487**
- Medical patients: **5,634**
- Pounds of food: **249,473**
- Salvations: **1,193**
- Churches planted: **1**
- FDR Responders deployed: **79**

## FDR Trainings

- **5** Disaster Relief in-person trainings completed
  - **135** leaders were trained in disaster relief
  - **43 (32%)** of those leaders continued to become FDR certified responders.
- Newly released online training
  - **291** leaders enrolled online
  - **19** countries represented in the training
