The Foursquare Church + PEX

The Foursquare Church endorses the PEX Expense Management System, a platform with the ability to empower ministry leaders to spend ministry funds with strong internal controls, custom spending limits and real-time notifications. This system allows pastors and church councils to delegate more responsibility to staff and volunteer leaders, while maintaining appropriate security, visibility and substantiation of ministry spending.

Partnership Benefits

All churches and schools of the Foursquare Church are eligible to receive the following benefits from the preferred vendor relationship with PEX

Streamlined account setup

The ICFG corporation's formation documents are already on file, so Foursquare Churches and Schools are eligible for a streamlined setup process that includes verification of employer identification number (EIN), checking account information and identity verification procedures for account administrators. Foursquare Covenant churches are also eligible for PEX cards, but will need to supply their incorporation documents.

Dedicated Support

Foursquare Churches and Schools will have access to a dedicated PEX support team for all customer service needs.

No account setup fee

The normal \$39.95 account setup fee has been waived for as long as the Foursquare/PEX preferred vendor agreement is in effect.

12-month free trial

No monthly card fees for the first twelve months.*

Advanced PEX Features

Foursquare Churches and Schools have access to all PEX Pro features.
