

# FOURSQUARE CHAPLAINS

RENEWAL | PURPOSE | PRESENCE

*"I am the resurrection and the life. The one who believes in me will live, even though they die." John 11:25*

April centers on hope, a hope grounded not in circumstances but in the resurrection power of Christ. Light Beyond the Tomb reminds us that even in seasons of loss, grief, or uncertainty, death does not have the final word.

Hope shines brightest in places marked by despair. As chaplains, we are often present at the edge of pain, where answers are few and emotions run deep. In those sacred spaces, hope is not rushed or forced; it is gently carried, patiently offered, and faithfully held.

## Resurrection **POWER**

Anchor your heart in resurrection truth

## Enduring **HOPE**

Speak life where discouragement lingers.

## LIVING **LIGHT**

Trust God's promises even when outcomes are unclear.

*This month invites us to reflect on the light of Christ's victory over darkness. Because the tomb is empty, hope remains alive, and we are entrusted to carry that truth into every space we serve.*

*As we move through this season, may you be renewed by the assurance that God brings life where there once was death, and light where darkness seemed final.*
