

**Thursday, January 17th at 7pm**

**Austria & Germany (FULL - WAIT LIST CLOSED)**

*with Johannes Hasselbach & Alwin Jurtschitsch*

This is the first of three upcoming classes with some of our favorite producers from Germany and Austria, who are all in town for a fantastic upcoming event called Rieslingfeier. For this evening's class we will taste dry Rieslings (including a GG or Grand Cru Riesling) from Gunderloch, one of the best estates in the Rheinhessen, and Gruner Veltliner and Riesling from Jurtschitsch in the Kamptal region of Austria, including one from the legendary Heiligenstein vineyard. Join us in welcoming two great producers as they introduce you to their special regions, and the serious wines they produce.

**Saturday, January 19th at 1:30pm (First Session)**

**Cheese...And Wine, Of Course (FULL - WAIT LIST CLOSED)**

*with Josh Windsor*

We are excited to welcome back our friend Josh Windsor, Affineur at Murray's Cheese, to introduce you to the fascinating world of cheese production, cheese styles, tips on how to serve cheese, and much, much more. BWE's Tim Farrell will also present wine pairings for each style of cheese.

**Saturday, January 19th at 5pm (Second Session)**

**Cheese...And Wine, Of Course (FULL - WAIT LIST CLOSED)**

*with Josh Windsor*

As we know this class will fill up fast, we begged Josh to stick around and host a second session! Members, please only sign up for one cheese session.

**Monday, January 21st at 7pm**

**The Wild Side of German Wine (FULL - WAIT LIST CLOSED)**

*with Jochen Beurer*

For this NON-RIESLING class, Jochen Beurer from the lesser-known region of Wurttemberg will be here to show his special wines, produced from unusual red and white varieties such as Lemberger, Kerner, Muller-Thurgau, Trollinger, and more! Some of the most exciting wines in Germany right now are being produced from these "alternative" varieties, and we are excited to learn more these with Jochen himself!

**Tuesday, January 22nd at 7pm**

**The Ripeness of Riesling (FULL - WAIT LIST CLOSED)**

*with Johannes Selbach*

Selbach-Oster is one of the great traditional estates of the Mosel valley, where Johannes Selbach produces crystal-clear examples of Riesling from legendary sites like Wehlener Sonnenuhr and Graacher Domprobst. For this class, Johannes will show major styles of the "pradikat" ripeness levels of Riesling from Kabinett to Spatlese to Auslese, so you can taste the different styles that this great grape is capable of, especially when produced by a master winemaker like Johannes.
