INDIVIDUAL RECORDS

Official NCAA Division I women's soccer records began with the 1982 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division I. Annual champions started in the 1998 season, which was the first year the NCAA compiled weekly leaders. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

The 2020 season was split between the fall of 2020 and spring of 2021. The minimum number of games played during the 2020 season for record book inclusion in single-season per game categories was six, which was the minimum required for at-large NCAA championship consideration in Division I.

TEAM RECORDS

Official NCAA Division I women's soccer records began with the 1982 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Annual champions started in the 1998 season, which was the first year the NCAA compiled weekly leaders. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

DIVISION I WINNINGEST TEAMS

Records based on information in statistics database. Active Division I teams and reclassifying teams with a minimum of 10 years in Division I are eligible. Includes records as a senior college only. Postseason games are included. The rounding of percentages may indicate ties where none exists. In these cases, the numerical order is correct.
