Designer's Touch

Have you ever dreamed of living in a home worthy of a magazine feature...Now you can say you have! Featured in Better Homes & Gardens and House & Home, this Instagram-famous residence exudes quiet elegance and warmth in every corner, while luxury speaks volumes. Completely gutted and reimagined from 2021-2024, this stunning property will captivate your heart the moment you walk in. Quietly located on a peaceful cul-de-sac and set on a pie-shaped lot, perfect place for children to safely play and for family life to flourish. Your model home awaits.

From light to flow, feng shui to rhythm & every detail in between, this isn't just a house, it's heart and home combined.
