

## OUR 2018-2019 SCHOOL YEAR LOANS

**LOAN PROGRAM OVERVIEW** New student loans of \$3,001 up to \$10,000 per school year will be granted to residents of eligible states enrolled as undergraduates in bachelor's degree or equivalent- granting programs at eligible schools (or will be at time of loan funding).

Funding University offers one fixed interest rate loan, without a cosigner, to students who are serious about their academic success and post-grad career. Eligibility is determined by several factors, including: class hours completed, estimated graduation date, academic record, major, and other certifications; employment or internship experience; and, other academic and non-academic activities that demonstrate the borrower is working hard towards academic and professional goals and are on track to be able to repay debt accrued.

Residents of the following states are eligible for 2018-2019 loans: Arkansas, Colorado, Connecticut, Florida, Georgia, Hawaii, Kansas, Massachusetts, Nebraska, New Jersey, New Mexico, New York, North Carolina, Oregon, South Carolina, Vermont, Virginia, West Virginia, and Wisconsin. Terms and conditions vary by state and vary by grad year.

**DISBURSEMENT** Loan proceeds will be sent DIRECTLY to student borrowers the day after the Add/Drop period ends at your school. Funding U will require documentation to verify your registration and certify your loan need prior to disbursement.

**REPAYMENT TERMS** New Undergraduate loans for the 2018-2019 school year will have an Annual Percentage Rate (APR) of 11.49% with AutoPay discount of 0.5%. All loans have a fixed interest rate of 11.49% with Autopay or 11.99% without Autopay. The interest rate is fixed, which means that even if market rates change, your monthly payment will remain the same. There is no origination fee. Interest accrues while you are in school.

**In-school partial payments:** Students will pay Interest Only as a "Partial Payment" while enrolled in school. These payments will be reported to credit agencies like other student loans. Repayment will begin 6 months following graduation. All loans have a 10 year repayment term (paid monthly over 120 months starting 6 months after graduation).

The lowest projected post grad monthly payment loan option has a 11.49% Annual Percentage Rate (APR) is based on a \$10,000 loan and reflects a minimum 15 month interest only payment period, no origination fee, and a monthly principal and interest payment of \$140.54 for 10 years (120 periods), with the first payment due on the first day of the month following the end of the grace period.

The highest projected post grad monthly payment loan option has a 11.99% Annual Percentage Rate (APR) is based on a \$10,000 loan and reflects a maximum 51-month interest only payment period, no origination fee, and a monthly principal and interest payment of \$143.41 for 10 years (120 periods), with the first payment due on the first day of the month following the end of the grace period.

**FOREBEARANCE OPTIONS** Up to 24 months minimum (\$30) payments.

**PREPAYMENT PENALTIES** There is no prepayment penalty on your loan.

Additional details, terms & conditions will be included in each loan offer.

## Example 1:

1. Repayment examples are for illustrative purposes only. Actual rate and payment may vary. The loan terms described are applicable to the 2018-2019 academic year and are subject to change. Fixed rates disclosed are effective as of 5/1/18. Funding University Loans are subject to credit approval.
2. Funding University only offers a fixed rate loan, current interest rates range from 11.49% to 11.99%.
3. Annual percentage rate (APR) is a measure of what a loan will cost and takes into account the interest rate, loan amount, repayment term and the timing of all payments. Fixed rate APRs currently range from 11.49% APR to 11.99% APR.
4. The monthly interest payment is the payment that will be made during the deferment period where the borrower is required to make interest-only payments while in school. After deferment (and any forbearance period), full principal and interest repayments will begin.
5. Principal loan amount at repayment is the loan amount at disbursement plus any unpaid interest owed during the deferment period. Unpaid deferred interest is capitalized (added to principal) at the time the loan enters repayment.
6. Estimated monthly payment examples are based on the loan amount, rate, repayment term and repayment option disclosed in the chart. Payment example for repayment of principal under the Interest-Only loan and repayment and assumes the borrower remains in school for 9-46 months with a 6-month grace period prior to entering repayment. All examples assume 30 days to first payment upon entering repayment. This is a fixed rate loan, the monthly payment will remain fixed for the term of the loan. Minimum monthly payments for either rate option will be \$30 (based on minimum \$3,001 loan amount).
7. Total paid is the estimated amount of the loan upon repayment of the principal and interest over the term of the loan.

Please note: Funding University reserves the right to modify or discontinue any or all terms of this program at any time without notice. Loans may be sold to other financial organizations, however the interest rates and term of the loan will not change if a loan is sold. Funding University student loans are subject to credit approval.

You are encouraged to explore all scholarship, grant and federal borrowing options before applying for a private loan.
