TITTLE OF REPORT

“We must find time to pause and thank the people who make a difference in our lives”

Being grateful allows us to value and enjoy life to its fullest. Recognizing who we are, what we have achieved, what we possess, and the people around us helps us live in harmony with our surroundings and achieve genuine well-being.

Often, the small good things go unnoticed in the face of more “spectacular” events that capture our attention. However, reflecting reveals the abundance of positive aspects in our lives. It is essential to retrain our minds to focus on the good and learn to live each day with a positive attitude.

Today, we want to express our heartfelt thanks to all of you for trusting in our work and efforts to transform lives. This year, 2024, we have supported over 4,000 girls with scholarships on their educational journey, facing challenges such as school dropout, economic difficulties, migration, and, in some cases, a lack of parental support for their children’s education.

Despite these challenges, we made it happen! This achievement would not have been possible without your unwavering support.

We close the 2024 school year with new challenges, hearts full of love and hope, and a deep wish that our girls find open doors to success and personal fulfillment. For us, they are the most valuable treasures of the Scholarship Program.
