

CTE Technical Incentive Grants

ELIGIBILITY

School Districts can claim funds annually based on the number of students who meet the following eligibility criteria:

- Certifications earned were on the approved graduating year Certifications List.
- Students graduated with a regular high school diploma or a technical education high school diploma.
- Funding is limited to \$1000 per pupil regardless of the number certifications the student earned on the approved list.

- Please note that the CTE Technical Incentive grants are NOT cost reimbursement grants, therefore funds do not require claim receipts to DPI nor do they need to be expended by end of fiscal year 2017.
- These funds are intended to reimburse the costs involved with providing the industry-recognized certification, but the schools are not required to segregate the funding into a CTE-only fund. We encourage schools to do so, but it is not required by legislation or administrative rule.

Class of 2015 Applications

- DPI received 4,591 claims for payment. 657 claims were found to be ineligible.
