-------------------	---

ADDITIONAL INFORMATION

euROBIN is an EU-funded project. The proposed activities should address the development and implementation of demonstration activities around technology and system applicable to exactly one of the Open Challenges publicly announced with this Open Call. The proposals aim **to reach Technology Readiness Level (TRL) 4-5**.

The projects must be proposed by Individual Entities, endorsed by the organisation they belong to/work at, which will be the formal entity receiving the grant.

We are looking for a single (individual) entity (not a consortium) who is:

- a Company of any size registered before the 28th of February 2023;
- a Research Organisation ;
- an Academia Research Institution registered before the 28th of February 2023.

The entities have to be established in any of the EU Member States and its Overseas Countries and Territories (OCT) or Horizon Europe Associated Countries.

Technology Exchange Programme

Duration:
3 to 12 months
