Under some circumstances, a breakdown of a covered part may not be covered (for example, failure due to misuse or lack of proper maintenance or when a non-covered part is what caused the covered part to fail). Also, the exclusions contain a list of parts not covered, some of which may be associated with a covered part (for example, filters; spark plugs and wires; wheel balancing; tune-ups; glow plugs; any maintenance service or part required or recommended by the manufacturer).
