How To Make DIY Mist Fan

The theory behind misting fans is, they force water through a pressure air pump into the tube than to the nozzle producing fine mist. They use the principle of evaporative cooling compared to air conditioners which use vapor-compression refrigeration.

Freesound - "URBAN NOISE LOOP w BUILDING FAN GENERATOR ...

ListenTonyBoy. October 26th, 2015. Alleyway behind a couple of huge older buildings at 3pm in downtown Vancouver. Standing near output fan and building generator structures. At the end of the alley you can hear the busy traffic. Recorded with Tascam DR-05. background-sound. white-noise. ambience.

Alternator/Generator

The generator has the same diameter down its entire length, between the pulley and fan housing. The alternator is the same diameter to the generator in the area where it sits on the support stand, but it is larger in diameter at the pulley end, where it overhangs the support stand. A common problem -- the battery goes dead.
