

Palm Garden
ORLANDO
HEALTH AND REHABILITATION CENTER

2018
C.N.A. C.A.R.E. AWARD
Commitment Achievement Recognition Excellence

Presented to
VALIA MONTIEL

Valia is an exceptional caregiver here at Palm Garden of Orlando for the last 9 years. She greets everyone with a smile. You will never hear her say "that's not my Resident" as she is helpful with everyone all the time. She works very hard and constantly receives compliments from her co-workers, residents, and family members. Valia is always willing to come in early or stay late. She will work with the most difficult Resident or Family member with ease that makes them comfortable. She is an anchor for our new Rehab unit and deals with stress very well. You will never see her sweat! I truly appreciate all she does and how she makes the Residents and Family feel at home.
