

# Everyone needs a break!

Your role as a caregiver  
is an important one.

Your loved one depends on you.

## Ask yourself ...

1. Is my family member with dementia unsafe in their current home?
2. Is the health of my loved one with dementia or my health as a caregiver at risk?
3. Are my loved ones needs beyond my physical abilities?
4. Am I becoming stressed, irritable and impatient with my loved one?
5. Am I neglecting work responsibilities, my family and myself?
6. Would the structure and social interaction at a care facility benefit my family member with dementia?

## We have solutions for caregivers.

If you have answered yes to any of these questions ... call today and ask about  
*Rose Garden Respite Care.*

If you are a caregiver,  
you may need a break from caregiving tasks.  
If your loved one has dementia, they may need  
a break from their daily routine and could  
benefit from a new environment.

## Caregivers need to take care.
