Ponderosa Villa- Puzzle exchange

Sharing and Caring- Stuffed animals for Bingo

All of our volunteers and performers-We
appreciate you so much!

**2-Charles Mathews
6-Dixie Stouffer
11-Barbara Rabeler
22-Sandra McQuitty**

Activity News

Here we are already about halfway through another year. We have done some pretty fun things in activities, and we are hoping to add in some more new stuff that we hope the residents will enjoy.

We had a Cinco De Mayo party complete with Sangria(the real stuff), chips and salsa and of course a performance of the Macarena by the staff.

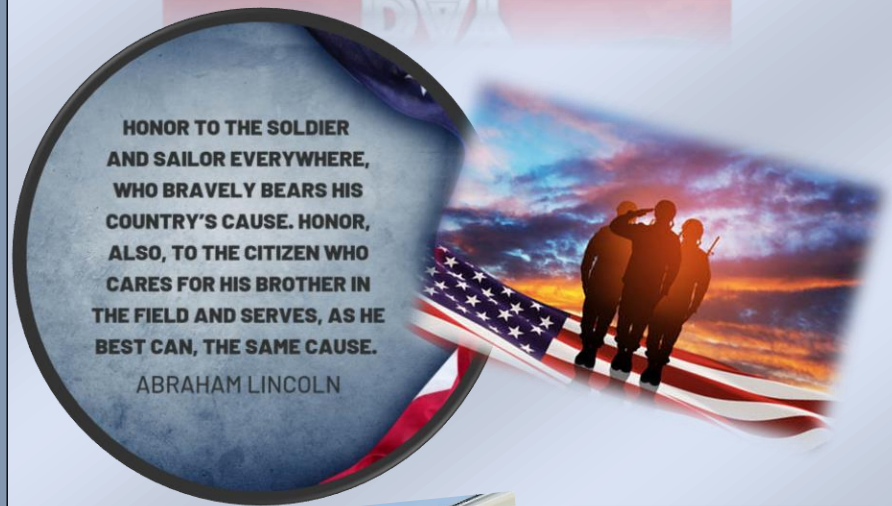

We had some horse racing for the Kentucky Derby, and we painted pots and potted some flower seeds that we will transfer into the back Garden box. You will notice things are getting spruced up around the building thanks to Dawn Ray. So, a big shout out to all she does for the facility and the residents!

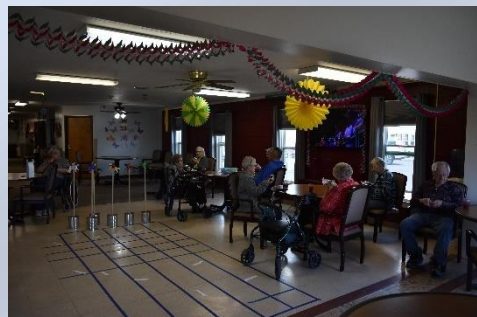

We would like to encourage our community to be involved with Pioneer Manor, we would love to have you stop by and visit with a resident, share a talent with us, or donate to our Bingo prizes.

Thank you,

Danelle Horton- Life Enrichment Coordinator

Activities Team- Teri, Char, Nancy & Becky

Virginia was not able to be at the Elder's Wisdom program that the school had, so they made a special visit and sang it to her in person!

Virginia Johnson's Honor Song

On a cold day in March, nineteen twenty-nine,
Virginia Lee was born to Inner and Delores Jensen.
The oldest of four siblings, two girls and two boys.
Loved playing outdoors, made up everything they did.

On the Flats south of Hay Springs, over seventy-two years ago
Her maiden name was Jensen, til she met that Johnson boy.
They married young like the folks did then, with family by their side.
They believed the one you vow to love should always stay the same.

They celebrated occasions with their neighbors and their friends.
They built their relationship, and they made their house a home.
Five children were a blessing: Karen, Marvin, Rita, Bob and Donna.
Be kind, and treat others as you want them to treat you.

Honeymooned in the Black Hills picked up a hiker along the way.
With every stop, she'd get back in, guess she wanted to stay.
They built a family with strong hands on their dairy farm,
A place with 40 years of hard work, and hundreds of cows.
Milking cows for a living, while raising her kids.

A lot of time was spent at home, hard workin' through those years.
Many things she loved to do back then, puzzles, playing cards,
Sewing with her friends filled her heart with joy.

BE KIND, AND TREAT OTHERS AS YOU WANT THEM TO TREAT YOU!
