

Hacienda Post Acute

Hacienda is the only family owned and operated facility in Hanford, putting people before profits.

Located in the desirable North Hanford area, Hacienda has been open since 1964, and we pride ourselves in our commitment to our community.

At Hacienda, our main objective is to help patients return to their homes and enjoy active, healthy lifestyles.

We offer spacious, private rooms.

“Having worked in all capacities at Hacienda since 1985...what I love most, is we are truly a family and everyone is fully committed to doing whatever it takes to meet the needs of our residents.”

—Barbara Bennett, Administrator

Hanford, CA 93230

Restoring Independence

Our therapists and nursing staff work as partners to treat patients who have lost mobility and strength due to surgery, illness, or trauma - striving for rapid and lasting recovery.

Hacienda Post Acute -

As the premier skilled nursing facility in Hanford, California, Hacienda Post Acute provides compassionate and personal skilled care 24 hours a day. We specialize in providing rehabilitation services on-site to help our residents regain their independence and return to their homes.

Hacienda Post Acute has an ideal location. Residents enjoy the sun streaming into their rooms, and visitors enjoy the convenience of making frequent visits and are in great proximity to freeways and public transportation. Inside, the beautiful and relaxing décor aides healing and makes our patients feel more at home.

At Hacienda Post Acute, caring is our main concern. Our organization is built on the premise that the most effective way to provide compassionate care is to:

- Maintain high medical integrity
- Foster a team spirit among staff
- Create friendly, beautiful surroundings for our residents and their visitors
- We are an Eden Alternative philosophy facility

Nursing Services -

At Hacienda, our nurses work to care for, engage, and motivate patients. Our nurses are specially trained in senior healthcare and work through each unique situation with compassion and professionalism. The on-site Medical Director and Director of Nursing promote a comprehensive plan of action to support your healing.

Some of the skilled nursing services we offer include:

- | | |
|--|----------------------------------|
| • Individualized Resident Care Plan Treatments | • Ileostomy Care |
| • IV Therapy | • Nutrition & Hydration Programs |
| • Dementia Care | • Medication Management |
| • Wound Care | • Diabetic Management |
| • Enteral Feeding Program | • Restorative Nursing |
| • Catheter Care | • Pain Management |
| • Colostomy Care | • Post-Hospital Care |
| • Off-site Dialysis | • Hospice/Respite |

Social Services -

At Hacienda, we understand the complexities that come with entering a care facility. Our social services team is highly trained to help both residents and their families make the transition as smooth as possible.

Physical Therapy -

Our physical therapists are specially trained with Hacienda's main goal in mind- restoring independence. We work with patients to help them achieve their physical goals and return them to their highest physical ability.

Occupational Therapy -

Often, functional abilities suffer when trauma, surgery, or illness is involved. Our occupational therapists work with each patient to restore cognitive ability and work through limitations.

Speech Therapy -

Our speech therapists work to help patients with swallowing, communication, and cognition. Improving communication and functional ability are our main goals.
