

3/10/2020

Dear Family and Friends of Citizens Care and Rehabilitation Center of Fredrick,

Due to the emerging Coronavirus we have been directed by Centers of Medicare and Medicaid to limit visitation at this time as we border Montgomery County which has been identified as having 4 cases of the Coronavirus. To our knowledge there are no cases in Fredrick County at this time.

Limiting means the individuals should not be allowed to come into the facility, except for certain situations, such as end of life situations or when a visitor is essential for the resident's well-being and care. We encourage families to call and speak to their loved ones and or the nurses on their units. Activities will be continuing to work with the residents in house to provide activities of their choice and can assist your loved ones with calling you as desired. We appreciate your assistance in helping us to limit the spread of any potential viruses to our residents.

Questions- please don't hesitate to ask as we work together in this effort. I will keep you updated with new information as it's provided to me.

Thank you,

Donna Wilhelm RN, Infection Control Preventionist
