Welcome to *Birch Manor* Healthcare Center

We are conveniently located just outside of Westminster, in Sykesville, MD. Our professionally trained team will provide the care and services you need, when you need them. This caring community is family-oriented, while focused on providing outstanding care and service.

The needs of each patient and resident is important to our team. If you are in need of short-term care, we offer a variety of skilled nursing and rehabilitative therapies. If you are in need of long-term care services, our professional staff will make you feel right at home. We also offer a secure unit for those who may require additional safety, because of Alzheimer's disease or dementia.

GENTLE CYCLE™ HEMODIALYSIS DIALYSIS

Whether recently diagnosed with kidney disease or already receiving dialysis treatment, it is important to understand your options. We can provide better care with *Gentle Cycle™* hemodialysis.

Patient Care Plan Includes:

- ☞ Centralized Admissions Process
- ☞ Dialysis equipment, medications and supplies
- ☞ Multidisciplinary Care Team
- ☞ Staff Nephrology Specialist
- ☞ Experienced Nurse Case Management
- ☞ Certified Patient Care Technicians
- ☞ Renal Dietitians
- ☞ Renal Social Workers
- ☞ Anemia Case Management
- ☞ Rehabilitation Therapies

SKILLED NURSING

We are here to meet your skilled nursing care needs 24 hours each day. Being responsive to your needs is our highest priority at Birch Manor Healthcare Center. Our team is committed to providing the assistance needed to ensure your continuum of care.

REHABILITATION PROGRAM

Our Rehabilitation Program allows us to focus on your individual needs for customized treatment and plan of care. We understand there can be many challenges when recovering from traumatic injury, stroke or serious illness. Your therapy success is our goal for short-term stay rehabilitation patients, as well as long-term care residents.

Our interdisciplinary team will provide the required support to help the patient regain their previous abilities and integrate challenges into their lifestyle. On-site physical, speech and occupational therapy programs focus on restoring mobility and independence.

RESPIRATORY THERAPY

At Birch Manor Healthcare Center, our respiratory therapy team will work with you to help improve your physical condition. You will also learn how to manage your condition, so you can function at the highest level possible.

We specialize in medically complex care by offering multiple disciplines of rehabilitation through physical, speech and occupational therapy. At Birch Manor Healthcare Center, we offer special concentrations of rehabilitation care.

We are able to provide an exceptional level of intervention and case management for many of the most complex rehabilitation care needs:

- ☞ Medically Complex Care
- ☞ Orthopedic Rehabilitation
- ☞ Joint Replacement
- ☞ Pulmonary Services
- ☞ Falls Management
- ☞ Neurological Rehabilitation
- ☞ Neuromuscular
- ☞ Stroke Recovery (CVA)
- ☞ Pulmonary Rehabilitation
- ☞ Chronic Heart Failure (CHF)
- ☞ Chronic Obstructive Pulmonary Disease (COPD)
- ☞ Contracture Management
- ☞ Behavioral Care
- ☞ Therapy Care & Services are 7 Days per Week

LONG-TERM CARE

At Birch Manor Healthcare Center, we understand the difficulties that families can face with the decision to place a loved one. We are dedicated to making this process as seamless as possible, as we assist you every step of the way.

SECURE UNIT

Our Secure Unit allows for the special care needed to safely take care of those with symptoms of severe dementia and Alzheimer's disease. We are committed to providing the special care in an environment which promotes individual dignity. Person-centered care is an important part of our commitment.

LIFE ENRICHMENT

We offer a range of creative activities with the individual's lifestyle and personal history in mind. Our life enrichment team members understand how important engaging social activities are to supporting quality of life for our loved ones. Social interaction is encouraged for every resident.

RESPIRE CARE

We are here when you need us. Respite Care is available to provide the continuation of care needed, when the primary caregiver is away. Respite Care is available for a few days or as many as (30) thirty days.
