# Welcome to Kensington Place

Helping you regain health, independence and an improved quality of life is at the core of everything we do. We are a skilled nursing and rehabilitation center that serves our residents with personalized, goal-oriented care.

Our smaller, intimate size allows us to truly know each and every one of our residents on an individual basis and provide the level of care expected of a caring and quality facility. Some of our dedicated staff members, as well as residents, have been with us for many years. Each contributes to our thriving and vibrant Kensington Place community.

Exciting renovations are underway to enhance our center and your stay with us. We want you to live in a comfortable, home-like environment while receiving expert therapies and clinical care from our compassionate staff.

Call to schedule a tour.
