

DIRECT ADMIT INFORMATION

If your patient or loved one needs a higher level of care or is at risk for readmission to the hospital, think of us! We can admit to our facility in less than 30 days if the patient has had a 3 night qualifying hospital stay. We work with many insurance companies and will do our best to get you here for your safety any way we can.

DIRECTLY ADMITTING TO OUR CENTER CAN:

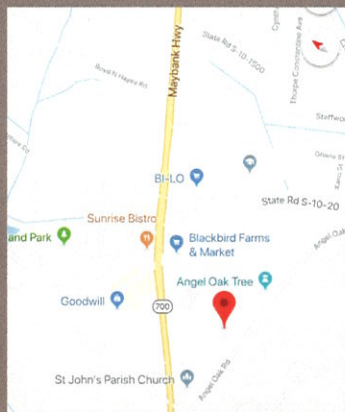

- Avoid costly re-hospitalization
- Find appropriate placement for those who don't qualify for a hospital stay
- Provide a much needed respite for families and caregivers

CRITERIA FOR DIRECT ADMISSION:

1. Qualifying hospital stay in the past 30 days or policy that authorizes coverage for stay
2. Physician Order
3. Current Medical History and Medication List
4. Any recent therapy notes
5. Discharge summary from the hospital (if applicable)
6. TB Skin Test given in the last 30 days.
