

Gaslight Apartments

Resident Testimonials

"I like it all. I like my rent. I like my apartment. It's nice that I don't have to go out in the rain to get to the laundry like they do at the apartments across the street. I like it that we are non-smoking." **Della H.**

"I moved to Gaslight Apartments to get out of an abusive marriage. The people here have opened their arms to me in love and compassion. My apartment is adorable!! Thank you, Jesus!" **Rebecca P.**

"I am writing to let you know a few of the reasons I like living here at Gaslight Apartments. 1. If I were living in an assisted living environment, I would probably need to be up at a certain time each day. However, here I can sleep in as late as I'd like. 2. I really enjoy my staff that come to my apartment and assist with my showers. 3. I really like going to the community room and playing bingo!" **Mary J.**

"I was asked to write a few things I like about living here. Well, that's an easy request. The entire experience, starting with Mrs. Lori, has been really wonderful. I am so happy with the entire experience of moving in, and the entire scope of gratifying aspects to my move in. I am very happy about the entire experience, and the professional way Lori treated my entire move in! So I would like to thank everyone involved, with the support of moving here, for their support, in the wonderful experience here." **From newest resident Jeremy P. (who moved to Gaslight Apts. from California in April)**

"I enjoy being able to walk the halls inside no matter the weather and the love and companionship of the other residents." **Maryann D.**

"I like the people and have made lots of friends. I feel safe at Gaslight Apartments." **Julianne A.**

"My rent is acceptable to my income and the apartment is very good. The staff Miss Lori is very nice and very supportive. This is a very convenient location to live, accessible to shopping at a short drive. The people are very friendly and appear happy in their surroundings." **Sun W.**
