# **Creativity** *is* Our Passion

I am a professional 3D/CAD modeler and product & industrial & mechanical designer. I have 15 more years of experience working in CAD drafting and 3D modelling. The services I offer include:

- ☆ Design (moldings, complicated parts, assemblies, whatever you want) & 3D modelling, based on your sketches, drawings, pictures or just fantastic ideas, using Solidworks & Autodesk.
- ☆ Creating set of manufacturing drawings based on 3D models/assemblies.
- ☆ Creating flat patterns.
- ☆ Converting STL files to solid models (STEP, IGS, X\_T).
- ☆ Creating STL, IGES and STEP files for 3D printing.
- ☆ Creating DXF files for CNC/Laser/Plasma cutting.
- ☆ 2D CAD drafting in AutoCAD (architectural and technical drawings, converting from pdf/images to AutoCAD).

I can provide to you all what you need from a concept to perfect manufacturing drawings and rendering & logo for business.

I accept offers that I'm certainly able to finish, so once you hire me - you won't just waste your time.

Don't be afraid to contact me in chat - I'll answer all your questions.

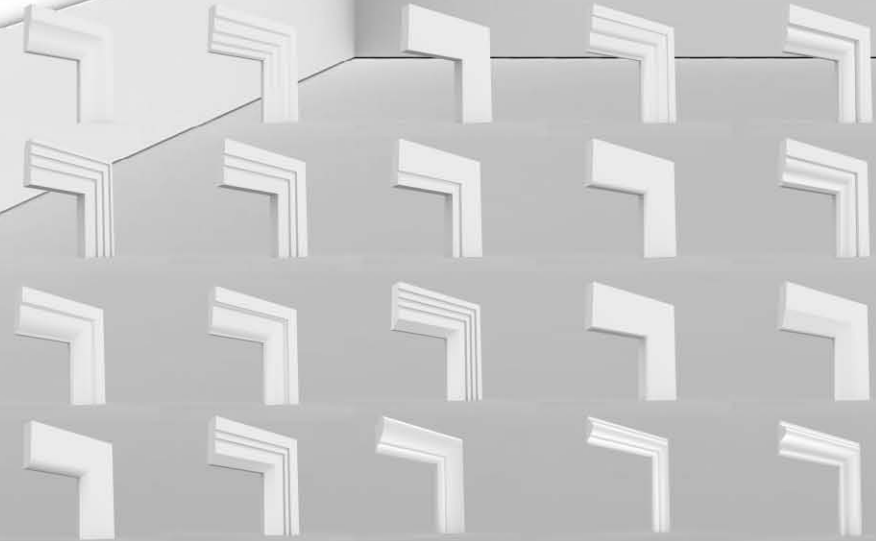

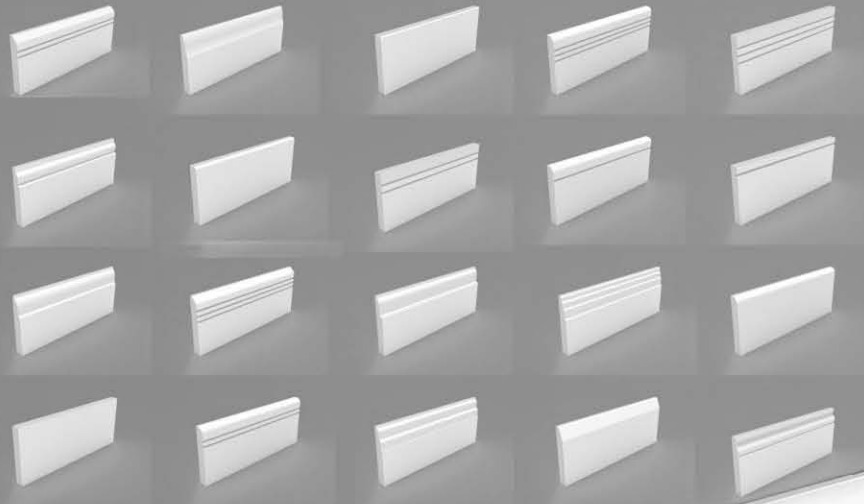

Kindly check my portfolio and feedback below.

Best regards.
