Purpose
Geauga Park District offers a research grants program to support work that occurs partially or wholly on Geauga Park District lands, and that promotes the Park District’s mission to preserve, conserve, and protect the natural features of Geauga County. Research themes must have relevance to Geauga Park District sites, species occupying these sites, or overall natural resource management objectives.

Qualifications
Applicants for research grants must be faculty or staff members of universities, colleges, or secondary schools, or active employees of non-profit organizations or commercial firms, or individuals with a documented knowledge of ecology, zoology, botany, geology, or other applicable field of endeavor.

Considerations
Research topics may include, but are not limited to (1) organismal investigations, (2) habitat management, (3) biomonitoring of species or communities, (4) biotic inventories, (5) conservation issues, (6) broad ecological investigations, including water quality and geologic features, (7) archaeological investigations, or (8) human/nature interface, such as visitor impact, and (9) cultural history of parks. A list of research suggestions for 2016 is included. Consideration will be given to other topics by qualified researchers. Additional ideas for projects may be investigated by contacting the Natural Resource Management staff at Geauga Park District (440-279-0812).

Grant recipients must sign a contract that will stipulate the work to be performed. At least 50 percent of the funds will be withheld pending submission of the final report. Subcontracting is not permissible. Grant requests will be reviewed by a team of Geauga Park District staff members based upon the evaluation criteria. Final determination for the research grants to be awarded will be made by the Board of Park Commissioners and the Executive Director of Geauga Park District.
Rules and Guidelines

1. Grant requests can be made for totals ranging from $250.00 to $3,000.00 for a **one-year contract** and $500.00 to $6,000.00 for a **two-year contract**. Requests for amounts over $3,000.00/$6,000.00 may be considered for partial funding. Overhead or indirect costs may not exceed five percent. Budget items may include:
   - Materials and supplies (requests for nonexpendable items may require that the items become the property of Geauga Park District);
   - Salaries; and
   - Computer/data processing (not computer software).

2. Recipients are not eligible to receive more than one research grant in the two-year contract period.

3. All proposals must be typed (single spaced) and received by Geauga Park District on or before January 30, 2020. Only complete applications received by that date will be accepted.

4. Proposals should be submitted on the form provided by Geauga Park District. Additional pages may be included, but the proposal must not under any circumstances exceed four pages (not including the researcher’s qualifications).

5. Researcher’s qualifications — a maximum two-page profile of the individual(s) performing the work.

6. Applications will only be accepted in paper format (no electronic submittals). Proposals must be submitted to:
   Paul Pira, Park Biologist
   Geauga Park District
   9160 Robinson Road
   Chardon, Ohio 44024

7. A final report for a **one-year study** is due November 1, 2020. A final report for a **two-year study** is due on November 1, 2021. All final reports will become the property of Geauga Park District.

8. Review and scoring of all proposals will be performed by Geauga Park District staff, after which they will inform all applicants about the outcome of the review and will dispense money to successful awardees.

9. If, upon receipt of the proposals, Geauga Park District finds that two or more applicants are proposing essentially the same work, the respective applicants will be alerted of this fact in the hope that the work can be done cooperatively. This does not necessarily imply a reduction in funding.

10. Publications, public and private presentations, and other products derived from work funded by Geauga Park District must include acknowledgment of Geauga Park District.

Geauga Park District is allocating a sum of money in 2020 towards the research grants program.
Procedure

1. Grants may be effective for a **one-year** (2020) or **two-year** (2020/2021) time period.
   a. Grant information will be sent out no later than December 9, 2019.
   b. Responses will be due no later than January 30, 2020.
   c. Geauga Park District will approve grant recipient(s) in February.
   d. Award recipients will be notified following.

2. Allocation of grant money for a **one-year** contract shall be as follows:
   a. Up to and not exceeding 50% of the grant award can be reimbursed if necessary by June 31, 2020 for equipment and/or supplies providing:
      1. A receipt(s) of the bill of sale for equipment and/or supplies (excluding tax) is provided no later than June 1, 2020.
   b. Final payment for a one-year contract shall be made upon receipt of a final report, due on or before November 1, 2020. All reports shall become the property of Geauga Park District.
   c. The amount of the payment and the equipment and/or supplies shall NOT exceed 50% of the grant award.

3. Allocation of grant money for a **two-year** contract shall be as follows:
   a. Up and not exceeding 50% of the grant award will be reimbursed by the end of the first year (December 31, 2020) for equipment and/or supplies providing:
      1. A receipt(s) of the bill of sale for equipment and/or supplies (excluding tax) is provided no later than November 1, 2020.
      2. A progress report is provided to Geauga Park District no later than November 1, 2020.
   b. Final payment for a two-year contract shall be made upon receipt of a final report, due on or before November 1, 2021. All final reports shall become the property of Geauga Park District.
   c. The amount of the payment and the equipment and/or supplies shall NOT exceed 50% of the grant award.

4. The final report should be written in scientific format (introduction, methods, results, discussion) and must contain, but is not limited to, management objectives, including Geauga Park District’s efforts in preservation, conservation practices, and protection efforts.

5. One paper copy AND one electronic copy of the final report must be submitted.

6. A **one-page executive summary** must accompany the final report.

7. Geauga Park District may request, at its discretion, that the grant recipient(s), make a presentation to the Park staff in person.

8. Geauga Park District may request, at its discretion, that the grant recipient present a public interpretive program.

9. An invoice for the total amount awarded should be submitted when the report is turned in.
