

WHEATON COLLEGE

NORTON, MASSACHUSETTS 02766

OFFICE OF THE PRESIDENT

A majority of Wheaton students and faculty have declared their intention not to take part in business as usual on Wednesday, October 15, but to devote the day instead to activities concerning their opposition to the war in Viet Nam.

Any employee of the College who feels conscientiously required to take any part in "Viet Nam Day" activities may feel free to join those students and faculty in postponing work for the time required.
