# Community

- Community is a collection of people or animals who interact together in the same environment.
- Community exists everywhere in nature. A vast majority of organisms exhibit some form of collective grouping.
- Interactions between members is what creates community.
- A feeling of belonging
- Community is our social economy

Examples:

- Wind Clan is a Community as is The Shamans Cave.
- Wind Mastery Group is committed to self-growth and building community.

The Art of Community: –Leo Laport
