

2025 SJR Community Impact Award Winner

MICHAEL NEGLIA '84

We invite you to celebrate Michael Neglia '84, this year's recipient of the Community Impact Award.

At SJR, Michael earned varsity letters in football, baseball, and track and field. His love for the school has continued through his service on the Board of Consultants and, more recently, by contributing his expertise to the Facilities Committee.

This year, however, we are particularly acknowledging Michael's unwavering commitment to community service. He has held significant roles, including serving on the Board of Trustees for Bergen Community College, acting as Commissioner for the NJ Sports and Exposition Authority, and serving as President Elect of the American Consulting Engineers Council. In 2023, he was selected as Man of the Year by the Hackensack Chapter of UNICO for his contributions to the community.

We invite you to celebrate all that Michael has accomplished for SJR and our local communities by participating in this year's Green Knights Golf Classic.
