

A Better Way To Fundraise Get Organized *for good!*

Timeline

1. Sign Up

It's easy to do, we'll ask for some basic information, including your sales goal, size of your selling group and desired start date (which should be at least four weeks out).

And then we take it from there. Really! There are no accounts to set up, no passwords to create, and no school ID to remember. Our goal is to streamline the process and make it as easy as possible.

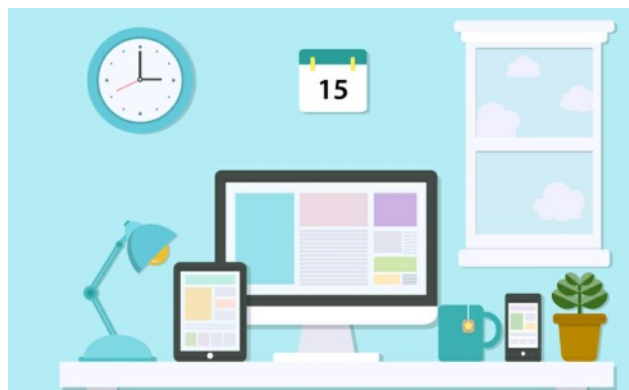

2. We Contact You

As soon as your registration information is received, we'll be in touch to schedule time to discuss the details of your fundraiser. We'll have a conversation and strategy session about how to make your fundraiser the biggest success possible.

This is where we decide which products you'll offer and which marketing materials will work best for you. We also provide you with a timeline that reflects your launch date, so you can start planning on your end.

3. We Create Your Materials

Based on our conversation, we create the custom materials for your fundraiser. This includes the sales page, email template, social share-ables, and much more, all complete with your school or organization's branding. It's everything you and your team need for selling success!

Timeline

4. We Get Ready to Launch!

It's almost go time! We get back with you to share all the marketing materials.

We package them so you can access everything you need on the fly, and easily share it all with your whole team. We'll even provide you with an explanatory video so that everyone understands exactly how it all works.

5. It's Time To Rally the Troops!

With your sales page up and your marketing materials in hand, you're ready to go! You can announce the fundraiser with confidence. And in a highly organized fashion, because we'll have supplied you with all the information and tools you and your sales team need.

We include a custom e-packet that you can send out to the whole team so they have on demand access everything they might need. We strive to cover the bases and support you like we'd want to be supported.

Timeline

6. You Officially Launch!

The big day is here, your fundraiser is live and it's time to promote, promote, promote. And that's easy because you'll have a plan in hand that guides you and your team step-by-step.

What's beautiful is there is no door-to-door selling. Face-to-face selling just isn't required – you can do everything from the comfort of your living (bedroom, bathroom, bleacher seat, they're all good too!). All you need is an internet connection.

You can share your fundraiser via email and social media. You can link to it from your school's website, or any site that's relevant. The sharing possibilities are endless!

And every single share leads people right to your sales page where they can....buy!

Seriously, this will most likely be the easiest fundraiser you've ever done.

Timeline

7. You Makes Sales

And they might just happen while you're sleeping, because your supporters buy right from your custom sales page, which means you don't have to take an order or collect the money, it's all done online.

And it's ridiculously simple – people can pay by credit, debit or PayPal. It's streamlined to make buying as quick and easy as possible. A billing address and email address are all that's required.

None of that account set up that often comes with online purchases. And no school codes to enter because your page is your page – everything purchased from that page has your school name on it, so there no worry about losing credit where credit's due!

The product is delivered directly upon purchase to buyer. This is a big deal, because we all know the immediate gratification factor is a huge incentive when shopping.

8. You Get Paid!

As soon as your fundraising period comes to an end, you'll be notified of your total earnings (in detail!) and you'll be issued a check for that amount within two weeks. That's it!

Because we take care of everything on our end – payment processing to order delivery – you don't have to lift a finger.

There are no forms for you to fill out, no money to collect, no orders to reconcile – there's nothing to do but deposit your check and celebrate the success!

And you don't have to wait for the fundraiser to end to learn what you're earning. Throughout the promotion you'll get updates on where you are and what you've earned.

From start to finish, we'll be there to support you. That's our promise.
