

How to update email password for Samsung Galaxy phones

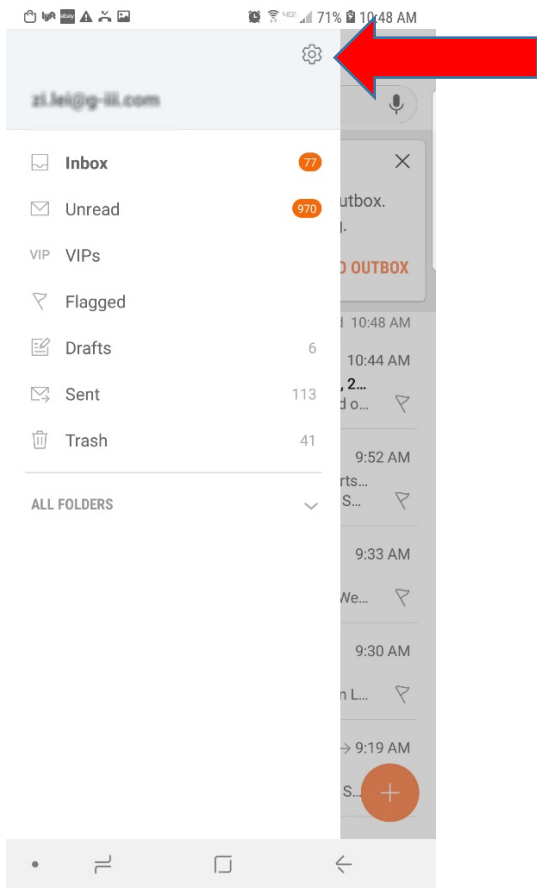

Follow below instructions if your phone don't ask you to update your password after it was changed

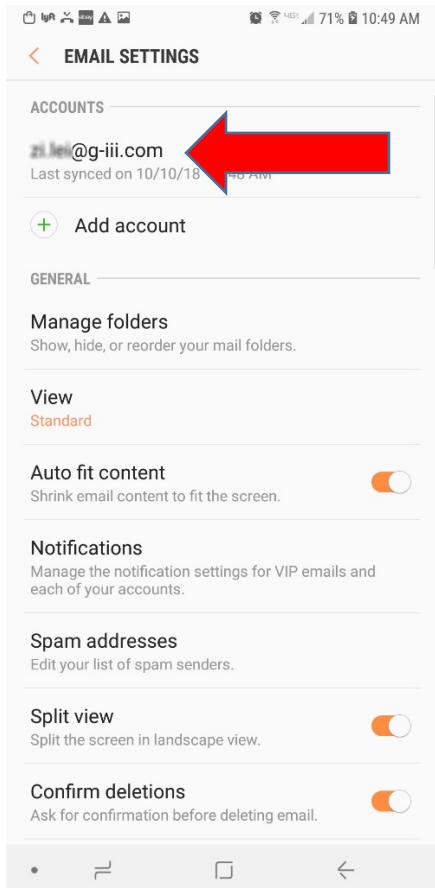

1. Open the email application.

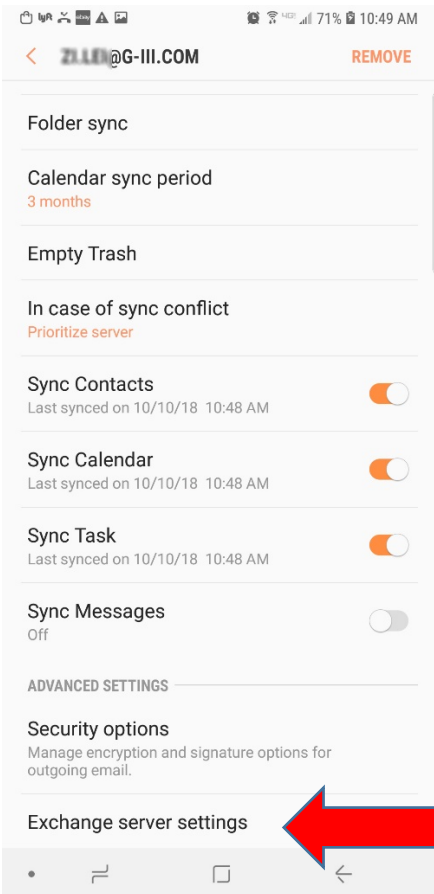

2. Select the three lines on the top left side of the screen.

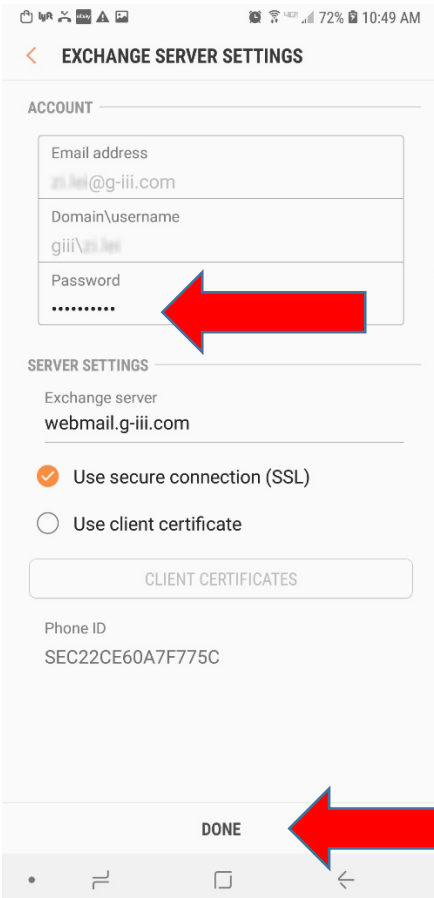

3. Select the gear icon.

4. Select your G-III email under “Accounts”.

5. Scroll down and select “Exchange server settings”.

6. Delete the old password. Enter the new password and select “Done”. Exit and restart the email application.
