For more than 30 years, Enterprise has been transforming underserved neighborhoods into thriving communities while providing low- and moderate-income families access to decent, affordable homes and the opportunity for success. We furthered that mission in 2012, deploying a combined $2.3 billion in capital while helping to improve, preserve and build more than 16,800 homes.

Last year, Enterprise took major strides to solidify our organization with the acquisition of a 65 percent interest in Bellwether Real Estate Capital, forming Bellwether Enterprise Real Estate Capital to expand our mortgage origination and servicing platforms. With a servicing portfolio in excess of $5 billion and mortgage production of $1.5 billion in 2012, the acquisition enables us to offer an array of permanent debt products to complement our existing products and services. Bellwether Enterprise Real Estate Capital reinforces our strong fundamentals and makes us well-positioned should additional opportunities arise to expand our revenues.

With the support of our investors, Enterprise raised $673.5 million in LIHTC equity and invested $753.3 million in 2012. This resulted in the creation or rehabilitation of 5,410 affordable homes for families and communities across 82 developments last year.

While the minimum LIHTC rate of 9 percent was extended when the American Taxpayer Relief Act of 2012 was signed into law, it remains at risk. Enterprise is determined not only to preserve but to strengthen the credit. Since the Reagan-era legislation was signed into law, LIHTC has helped finance 90 percent of affordable apartments nationwide—more than 2.5 million homes—while creating over 3.6 million jobs.

Enterprise and a coalition of nearly 450 national, state and local organizations in all 50 states and Puerto Rico are leading Affordable Rental Housing A.C.T.I.O.N. (A Call To Invest in Our Neighborhoods), a campaign focused on ensuring that LIHTC remains a viable tool for giving low-income working families the opportunity for decent, safe, affordable rental housing.

Enterprise is committed to protecting your investment with the same diligence and judgment that have informed our organization for more than 30 years. We appreciate your continued partnership. When you invest with Enterprise, you invest in your neighborhoods and communities and the nation’s future.

Sincerely,

Charles R. Werhane,
President & CEO
Enterprise Community Investment, Inc.

Enterprise is a leading provider of the development capital and expertise it takes to create decent, affordable homes and rebuild communities. For more than 30 years, Enterprise has introduced neighborhood solutions through public-private partnerships with financial institutions, governments, community organizations and others that share our vision. Enterprise has raised and invested more than $13.9 billion in equity and loans to help build or preserve 300,000 affordable rental and for-sale homes to create vital communities.
