

August 30, 2018

Dear Customers,

In response to the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Prop 65), Global has decided to provide warning labels for certain products that our manufacturers have deemed to contain one or more of the 900 chemicals listed by Prop 65 as being known to the state of California to cause cancer and/or reproductive harm. These warnings will be included on product shipped to California. If you are planning on shipping any Global product to California you must notify us at the time of order, so we may label product accordingly.

Please be informed that if you re-sell Global product that is subject to Prop 65 you must:

- 1.) Provide a compliant warning for all internet sales
- 2.) Provide shelf warning for all sales of product not in their original packaging

Please refer to the attached document which provides more information on our manufacturers and their Prop 65 labeling requirements.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alison LeBleu', written in a cursive style.

Alison LeBleu  
Vice President  
Global, The Source
